Attestation of one of the statutory auditors of BPCE on the
information related to the allocation, as of 31st December 2019, of
funds raised for the Green Bond issued by BPCE on 14th
December 2015

Attestation of one of the statutory auditors of BPCE on the information related to the allocation, as of 31st December 2019, of funds raised for the Green Bond issued by BPCE on 14th December 2015

To the Chairman,

In our capacity as statutory auditor of BPCE (the “**Company**”) and in accordance with your request, we have prepared this attestation on the information related to the allocation, as of 31st December 2019, of funds raised for the Green Bond issued by BPCE on 14th December 2015 (the “**Issue**”), which amounts to €300,000,000, contained in the attached documents “List of projects allocated : projects operational, environmental, social and governance metrics” and “Proceeds allocation and Aggregated Output and Impact indicators for the allocated projects”, and prepared pursuant to the terms and conditions of the final terms of the Issue dated 10th December 2015 (the “**Final Terms**”).

These documents, prepared for the purposes of the information of the Green Bond debt securities holders, present an allocation of the funds raised from the Issue to eligible projects as defined on the Final Terms (the “**Eligible Projects**”) from the period beginning as of the receipt of the funds raised from the Issue on 14th December 2015 to 31st December 2019. As of 31st December 2019, the invested amount is €300,000,000 with €0 remain to be invested.

This information was prepared under BPCE responsibility based on the accounting records used for the preparation of the consolidated financial statements for the year ended 31st December 2019.

Our role is to report on:

- the compliance, in all material respects, of the Eligible Projects presented in the attached document with the eligibility criteria as defined in the Final Terms;
- the agreement of treasury or treasury equivalents exceeding the amounts raised through the Issue, granted to Natixis by way of an intra-group loan, and still to be allocated as of 31st December 2019, with the consolidated financial statements for the year ending 31st December 2019;
- the agreement of the amount of funds allocated to Eligible Projects as part of the Issue as of 31st December 2019, with the accounting records and data underlying the accounting records.

However, we have no responsibility:

- for challenging the eligibility criteria defined as an appendix to the Final Terms and, in particular, we give no interpretation on the terms of the Final Terms;
- to express an opinion on the use of the allocated funds to Eligible Projects after such funds have been allocated.

In the context of our role as Statutory Auditor, we have audited, jointly with the other Statutory Auditors, the consolidated financial statements of the Company for the year ended 31st December 2019. Our audit was conducted in accordance with professional standards applicable in France, and was planned and performed for the

BPCE

purpose of forming an opinion on the consolidated financial statements taken as a whole and not on any individual component of the accounts used to determine the information. Accordingly, our audit tests and samples were not carried out with this objective and we do not express any opinion on any components of the accounts taken individually. These consolidated financial statements, approved by the Shareholders' Meeting, have been audited and our corresponding auditors' report is dated 25th March 2020.

Furthermore, we have not performed any procedures to identify events that may have occurred after the date of our report on the consolidated financial statements of the Company which was issued on 25th March 2020.

Our engagement, which constitutes neither an audit nor a review, was performed in accordance with professional standards applicable in France. For the purpose of this attestation, our work consisted, using sampling techniques or other methods of selection, in:

- reviewing the procedures implemented by the Company relating to the allocation of funds raised in the context of the Green Bond;
- check the compliance, in all significant aspects, of the Eligible Projects with the Eligibility criteria as defined in the Final Terms;
- check the agreement of the amounts allocated to Eligible Projects with data underpinning the accounting records;
- check the correct segregation of funds raised from the Issue and their exclusive allocation to Eligible Projects;
- check that the balance of treasury and treasury equivalents in the consolidated financial statements for the year ending 31st December 2019, exceeds the amount raised under the Issue and still to be allocated on 31st December 2019, and that it is consistent with the information used as a basis for preparing the consolidated accounts for the year ending 31st December, 2019.

On the basis of our work, we have no matters to report on:

- the compliance, in all material respects, of the Eligible Projects presented in the attached document, with the eligibility criteria defined in the Final Terms;
- the agreement of treasury or treasury equivalents exceeding the amounts raised through the Issue, granted to Natixis by way of an intra-group loan, and still to be allocated as of 31st December 2019, with the consolidated financial statements for the year ending 31st December 2019;
- the agreement of the amount of funds allocated to Eligible Projects as part of the Issue as of 31st December 2019, with the accounting records and data underlying the accounting records.

Without undermining our conclusion above, we draw your attention to the fact that the "legal review of contractual clause on respect of labor rights and social legal requirements" criterion is currently not applicable to existing special purpose entities supporting Eligible Projects as they do not have any headcount.

This attestation has been prepared solely for your attention within the context described above and may not be used, distributed or referred to for any other purpose.

Our work should not be taken to supplant any additional inquiries or procedures that should be undertaken by a third party recipient of this attestation including the parties

BPCE

to the Final Terms and we make no representations regarding the sufficiency for thirds parties' purpose of the procedures we performed.

In our capacity as statutory auditors of BPCE, our responsibility towards your Company and the shareholders is defined by French law and we do not accept any extension of our responsibility beyond that set out in French law. We do not owe or accept any duty of care to any third party including the Financial Institutions (and any assignee of and any sub participant in any interest in the Green Bond Final Terms) in connection with the Green Bond Final Terms to which we are not party. In no event shall Mazars be liable for any loss, damage, cost or expense arising in any way from fraudulent acts, misrepresentation or willful misconduct on the part of the Directors, employees or agents of the Company.

This attestation is governed by French law. The French courts have exclusive jurisdiction in relation to any claim, difference or dispute which may arise out of or in connection with our engagement letter or this attestation. Each party irrevocably waives any right it may have to object to an action being brought in any of those Courts, to claim that the action has been brought in an illegitimate court or to claim that those Courts do not have jurisdiction.

La Défense, 2nd of February 2021
