Euro 40,000,000,000

Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme described in this Base Prospectus (the “Programme”), BPCE (the “Issuer” or “BPCE”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes under the Programme (the “Notes”). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 40,000,000,000 (or the equivalent in other currencies).

This Base Prospectus supersedes and replaces the Base Prospectus dated 21 December 2016 and shall be in force for a period of one year as of the date set out hereunder.

The Notes may be either senior Notes (“Senior Notes”) or subordinated Notes (“Subordinated Notes”). It is the intention of the Issuer that the Subordinated Notes shall, for regulatory purposes, be treated as Tier 2 Capital (as defined below). The Senior Notes may be either senior preferred Notes (“Senior Preferred Notes”) or senior non-preferred Notes (“Senior Non-Preferred Notes”). It is the intention of the Issuer that the Senior Non-Preferred Notes shall, for regulatory purposes, be treated as MREL/TLAC Eligible Instruments (as defined below). If permitted by the Applicable MREL/TLAC Regulations, the Issuer may treat the Senior Preferred Notes, for regulatory purposes, as MREL/TLAC Eligible Instruments under the Applicable MREL/TLAC Regulations.

Application has been made for approval of this Base Prospectus to the *Autorité des marchés financiers* (the “AMF”) in France in its capacity as competent authority pursuant to Article 212-2 of its *Règlement Général* which implements Directive 2003/71/EC on the prospectus to be published when securities are offered to the public or admitted to trading, as amended (the “Prospectus Directive”).

Application may be made for the period of 12 months from the date of this Base Prospectus to (i) Euronext Paris for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris, (ii) the competent authority of any other Member State of the European Economic Area (“EEA”) for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market (as defined below) in such Member State and/or (iii) any other stock exchange as may be agreed between the Issuer and the relevant Dealer(s). Euronext Paris is a regulated market for the purposes of Directive 2004/39/EC on Markets in Financial Instruments, as amended (a “Regulated Market”).

Notes which are not admitted to trading on a Regulated Market in a Member State of the EEA may also be issued pursuant to the Programme. The relevant final terms (the “Final Terms”) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and/or admitted to trading, and, if so, the relevant Regulated Market or other stock exchange.

Notes will be in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency.

Notes may be issued either in dematerialised form (“Dematerialised Notes”) or in materialised form (“Materialised Notes”) as more fully described herein. Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be in bearer form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (“Euroclear France”) (acting as central depository) which shall credit the accounts of Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination(s), Title, Redenomination and Method of Issue”) including Euroclear Bank SA/NV (“Euroclear”) and the depository bank for Clearstream Banking, S.A. (“Clearstream”) or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder, either in fully registered form (*nominatif pur*), in which case they will be inscribed with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “Temporary Global Certificate”) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Bearer Notes”) upon certification as to non-U.S beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository for Euroclear and/or Clearstream, and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

Unless otherwise specified in the applicable Final Terms, it is expected that the Senior Notes issued under the Programme will receive the following ratings, which are those given to the Programme:

Type of Notes	Rating given S&P Global Ratings (“S&P”)	Rating given by Moody’s Investors Service, Inc. (“Moody’s”)	Rating given by Fitch Ratings (“Fitch”)
Senior Preferred Notes (long term)	A	A2	A
Senior Preferred Notes (short term)	A-1	Prime-1	F1
Senior Non-Preferred Notes (long term)	BBB+	Baa3	A

Notes issued pursuant to the Programme may be unrated or rated differently in certain circumstances. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating mentioned in the above table. The Issuer’s long-term counterparty credit rating is A with a positive outlook and the short-term Issuer’s counterparty credit rating is A-1 by S&P as of 20 October 2017. The Issuer’s long-term debt ratings are A2 with a positive outlook and the Issuer’s short term debt ratings are Prime-1 by Moody’s as of 26 July 2017. The Issuer’s long-term issuer default ratings are A with a stable outlook and the Issuer’s short-term issuer default ratings are F1 by Fitch as of 23 May 2017. The credit ratings included or referred to in this Base Prospectus or in any Final Terms have been issued by S&P, Moody’s and Fitch, which are established in the European Union and registered under Regulation (EC) No. 1060/2009 on credit ratings agencies (the “CRA Regulation”), as amended, and included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority’s website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) as of the date of this Base Prospectus. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The Base Prospectus, any supplement thereto and the Final Terms will be available on the website of the Issuer (www.bpce.fr), on the website of the AMF (www.amf-france.org) and as described in “General Information – Availability of Documents” and in the relevant Final Terms.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Base Prospectus, before deciding to invest in the Notes issued under the Programme.

This Base Prospectus (together with any supplements to this Base Prospectus published from time to time (each a “**Supplement**” and together the “**Supplements**”)) should be read and construed in conjunction with any documents incorporated by reference (see “Documents Incorporated by Reference”), each of which shall be incorporated in, and form part of this Base Prospectus in relation to any Series (as defined herein) of Notes, and comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive in respect of, and for the purpose of giving information with regard to the Issuer, Groupe BPCE SA, Groupe BPCE and the Notes which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer and the rights attaching to the Notes.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (each as defined in “Summary of the Programme”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer, Groupe BPCE SA or the Groupe BPCE (each as defined in “Summary of the Programme”) since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer, Groupe BPCE SA or the Groupe BPCE since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any state or other jurisdiction of the United States and include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to the account or benefit of U.S. persons (as defined in Regulation S under the Securities Act (“**Regulation S**”) or, in the case of Materialised Notes in bearer form, the U.S. Internal Revenue Code of 1986, as amended (the “**U.S. Internal Revenue Code**”). The Notes are being offered and sold in offshore transactions outside the United States to non-U.S. persons in reliance on Regulation S. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “Subscription and Sale”.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - Unless the Final Terms in respect of any Notes specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, the Notes are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (“**MiFID II**”); (ii) a customer within the meaning of Directive 2002/92/EC (“**IMD**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers or the Arranger to subscribe for, or purchase, any Notes.

The Arranger and the Dealers (other than BPCE in its capacity as Issuer) have not separately verified the information contained in this Base Prospectus. None of the Dealers (other than BPCE in its capacity as Issuer) or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements or any other information incorporated by reference are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements or any other information incorporated by reference should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers (other than BPCE in its capacity as Issuer) or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Groupe BPCE during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

SUMMARY OF THE PROGRAMME

Summaries are made up of disclosure requirements known as “Elements” the communication of which is required by Annex XXII of the Regulation EC No 809/2004 of 29 April 2004, as amended. These Elements are numbered in Sections A – E (A.1 – E.7). This summary contains all the Elements required to be included in a summary for this type of securities and Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in the summary because of the type of securities and Issuer, it is possible that no relevant information can be given regarding such Element. In this case a short description of the Element is included in the summary and marked as “Not applicable”.

This summary is provided for purposes of the issue by the Issuer of the Notes of a denomination of less than Euro 100,000 which are offered to the public or admitted to trading on a Regulated Market of the European Economic Area (the “EEA”). The issue specific summary relating to this type of Notes will be annexed to the relevant Final Terms and will comprise (i) the information below with respect to the summary of the Base Prospectus and (ii) the information below included in the items “issue specific summary” and which will be completed at the time of each issue.

Section A - Introduction and warnings	
A.1	<p>This summary must be read as an introduction to this Base Prospectus. Any decision to invest in the Notes should be based on a consideration by any investor of the Base Prospectus as a whole, including any documents incorporated by reference and any supplement from time to time. Where a claim relating to information contained in this Base Prospectus is brought before a court, the plaintiff may, under the national legislation of the Member State of the EEA where the claim is brought, be required, have to bear the costs of translating this Base Prospectus before the legal proceedings are initiated. Civil liability attaches only to those persons who have tabled the summary, including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus or it does not provide, when read together with the other parts of this Base Prospectus, key information in order to help investors when considering whether to invest in the Notes.</p>
A.2	<p><i>Consent to use the Prospectus</i></p> <p>In the context of any offer of Notes in France and/or the Grand Duchy of Luxembourg (the “Public Offer Jurisdictions”) that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive, as amended, (a “Non-exempt Offer”), the Issuer consents to the use of the Base Prospectus and the relevant Final Terms (together, the “Prospectus”) in connection with a Non-exempt Offer of any Notes during the offer period specified in the relevant Final Terms (the “Offer Period”) and in the Public Offer Jurisdiction(s) specified in the relevant Final Terms by:</p> <p>(1) subject to conditions set out in the relevant Final Terms, any financial intermediary designated in such Final Terms; or</p> <p>(2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “Rules”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under “<i>Subscription and Sale</i>” in this Base Prospectus which would apply as if it were a dealer appointed in relation to the Programme (as defined below) or for a specific issue (a “Dealer”); (c) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (d) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (e) complies with</p>

applicable anti-money laundering, anti-bribery, anti-corruption and “know your client” Rules (including, without limitation, taking appropriate steps, in compliance with such Rules, to establish and document the identity of each potential Investor (as defined below) prior to initial investment in any Notes by the Investor), and will not permit any application for Notes in circumstances where the financial intermediary has any suspicions as to the source of the application monies; (f) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery, anti-corruption and “know your client” Rules applying to the Issuer and/or the relevant Dealer(s); (g) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (h) satisfies any further conditions specified in the relevant Final Terms (in each case an “**Authorised Offeror**”). None of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Public Offer Jurisdiction(s) specified in the Final Terms, for the content of the Prospectus in relation to any person (an “**Investor**”) in such Public Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of the Base Prospectus by the *Autorité des marchés financiers*.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations and settlement arrangements (the “Terms and Conditions of the Non-exempt Offer”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-exempt Offer shall be provided to Investors by that Authorised Offeror at the time of the Non-exempt Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

On 18 September 2015, BPCE International transferred to the Caisse d'Épargne Provence-Alpes-Corse the entire equity interest it held in Banque de la Réunion, Banque des Antilles Françaises and Banque de Saint-Pierre-et-Miquelon. The revenues generated by these entities have been attributed retroactively to the Caisse d'Épargne sub-division. This operation has no impact on the Commercial Banking & Insurance division as a whole. The retroactive application since 1 January 2015 of the change in the accounting method whereby assets and liabilities denominated in foreign currencies are hedged by currency swaps (with the impacts of the inefficiency of hedging now being recorded in transferable capital) has led to a restatement of the 2015 quarterly reviews; this restatement has no impact on the 2015 annual result.

The series of financial reports for 2015 is also presented pro forma to account for the transfer of expenses from the Corporate Center division to the SFS division. The method used to account for renegotiation fees charged by the retail networks has been standardized between 2015 and 2016 leading to a pro-forma figure for the 2015 financial year. In 2016, renegotiation fees are accounted for in net interest margin over the period whereas in 2015 certain entities accounted for these fees in commissions, on a one-off basis.

With regard to the CIB division, the presentation has been updated to reflect the new organization announced on 15 March 2016. This update takes account in particular of the creation of the Global finance & Investment banking business line that henceforth encompasses all the Financing activities (structured and plain vanilla) in addition to the M&A, Equity Capital Markets and Debt Capital Markets businesses.

The IFRS 9 standard adopted in November 2016 permits the early adoption – starting with the financial year ended on 31 Dec. 2016 – of regulatory provisions governing the bank's own credit risk, to the effect that all changes will henceforth be recorded in shareholders' equity and no longer as previously in the income statement. The first three quarters of 2016 and the 2015 series of quarterly reviews have been restated accordingly.

The segment information was modified as of Q1-17, with the creation of the Retail Banking division, which includes the Banque Populaire and Caisse d'Epargne retail banking networks, the Specialized Financial Services division of Natixis and the Other networks division (Crédit Foncier, Banque Palatine, and BPCE International).

The SFS division includes two business lines: Specialized financing (factoring, sureties & financial guarantees, lease financing, consumer financing) and Financial services (payments, employee savings plans, and securities services), which are central to the Group's retail banking networks and at the service of their continuing growth.

The minority equity interest in CNP Assurances, consolidated using the equity method and previously included for reporting purposes within the Commercial Banking & Insurance division, has been transferred to the Corporate center division.

The IFRS 9 standard adopted in November 2016 permits the early adoption – starting with the financial year ended on 31 Dec. 2016 – of regulatory provisions governing the bank's own credit risk, to the effect that all changes will henceforth be recorded in shareholders' equity and no longer as previously in the income statement. The first three quarters of 2016 have been restated accordingly.

When the Q1-16 and Q1-17 results were published, the amount recognized as the Group's contribution to the Single Resolution Fund was based on an estimate. Following notification of the actual amount of the contribution in Q2-16 and Q2-17, the amount of the SRF recognized in Q1-16 and Q1-17 has been readjusted.

(b) Subordinated Notes

Subject to compliance with all relevant laws, regulations and directives, each Tranche of Subordinated Notes shall have a maturity of at least five years from the date of original issue.

The Subordinated Notes may have no fixed maturity (“**Undated Subordinated Notes**”).

- **Redemption at maturity**

The relevant Final Terms will specify the redemption amounts payable. Unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) having a maturity of less than one year from the date of issue and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of Section 19 of the FSMA must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

The Undated Subordinated Notes and the Undated Senior Non-Preferred Notes are undated obligations in respect of which there is no fixed redemption date.

- **Redemption by instalments**

The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.

- **Redemption prior to maturity**

(a) Senior Notes (Preferred and Non-Preferred)

The Senior Notes may be redeemed prior to maturity (subject to such redemption being permitted by the Applicable MREL/TLAC Regulations and subject to the prior consent of the Relevant Regulator and/or the Relevant Resolution Authority if required) at the option of the Issuer (i) if a Call Option or a MREL/TLAC Disqualification Event Call Option is specified as applicable in the relevant Final Terms or (ii) in the case of a Withholding Tax Event, a Gross-Up Event or Illegality.

The Senior Notes may be redeemed at the option of the holders if a Put Option is specified as applicable in the relevant Final Terms.

Where:

“**Withholding Tax Event**” occurs if, by reason of any change in French laws or regulations, or any change in the application or official interpretation of such laws or regulations, or any other change in the tax treatment of the Notes which is required by law or which is requested in writing by a competent tax authority, becoming effective on or after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts.

“**Gross-Up Event**” occurs if the Issuer would on the next payment of interest in respect of a given Series of Notes be prevented by French law from making payment to the Noteholders or, if applicable, couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts.

“**FSB TLAC Term Sheet**” means the Total Loss Absorbing Capacity (TLAC) term sheet set forth in the document dated 9 November 2015 published by the Financial Stability Board, entitled “Principles on Loss-absorbing and Recapitalisation Capacity of G-SIBs in Resolution,” as amended from time to time.

“**MREL**” means the “minimum requirement for own funds and eligible liabilities” for banking institutions under the Directive 2014/59/EU of the European Parliament and of the

Council, establishing an EU-wide framework for the recovery and resolution of credit institutions and investment firms, as set in accordance with Article 45 of such Directive (as transposed in Article L.613-44 of the French *Code monétaire et financier*) and Commission Delegated Regulation (C(2016) 2976 final) of 23 May 2016, or any successor requirement.

“**Applicable MREL/TLAC Regulations**” means, at any time, the laws, regulations, requirements, guidelines and policies giving effect to (i) MREL and (ii) the principles set forth in the FSB TLAC Term Sheet or any successor principles. If there are separate laws, regulations, requirements, guidelines and policies giving effect to the principles described in (i) and (ii), then “Applicable MREL/TLAC Regulations” means all such regulations, requirements, guidelines and policies.

“**MREL/TLAC-Eligible Instrument**” means an instrument that is eligible to be counted towards the MREL of the Issuer and that constitutes a TLAC-eligible instrument of the Issuer (within the meaning of the FSB TLAC Term Sheet), in each case in accordance with Applicable MREL/TLAC Regulations.

“**MREL/TLAC Disqualification Event**” means at any time that all or part of the outstanding nominal amount of the Senior Notes of a Series does not fully qualify as MREL/TLAC-Eligible Instruments, except where such non-qualification was reasonably foreseeable at the Issue Date or is due to the remaining maturity of such Notes being less than any period prescribed by the Applicable MREL/TLAC Regulations.

“**Relevant Resolution Authority**” means the *Autorité de contrôle prudentiel et de résolution*, the Single Resolution Board established by Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 and/or any other authority entitled to exercise or participate in the exercise of the bail-in power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation).

(b) Subordinated Notes

The Subordinated Notes may be redeemed prior to maturity (subject to certain conditions including in particular the prior approval of the Relevant Regulator) at the option of the Issuer (i) if a Call Option is specified as applicable in the relevant Final Terms or (ii) in the case of (a) a Withholding Tax Event, (b) a Gross-Up Event, (c) a Tax Deductibility Event or (d) a Capital Event.

Where:

“**Tax Deductibility Event**” occurs if by reason of any change in the French laws or regulations, or any change in the application or official interpretation of such laws or regulations, or any other change in the tax treatment of a given Series of Subordinated Notes which is required by law or which is requested in writing by a competent tax authority, becoming effective on or after the Issue Date, the tax regime of any payments under such Subordinated Notes is modified and such modification results in the part of the interest payable by the Issuer under such Subordinated Notes that is tax-deductible being reduced.

“**Capital Event**” means a change in the regulatory classification of the Subordinated Notes, that was not reasonably foreseeable at the Issue Date, as a result of which the Subordinated Notes would be fully excluded from Tier 2 Capital.

- **Yield**

The Final Terms issued in respect of each issue of Fixed Rate Notes will set out an indication of the yield of the Notes.

• **Representation of the Noteholders**

In respect of the representation of the holders (the “**Noteholders**”), the following shall apply:

- (a) If the relevant Final Terms specify “No *Masse*” and in accordance with Article L.213-6-3 I of the French *Code monétaire et financier* in respect of Notes with a denomination of, or which can only be traded in amounts of, at least €100,000 or its equivalent in other currencies at the time of issue, the Noteholders shall not, in respect of all Tranches in any Series, be grouped in a *masse* (the “**Masse**”) having separate legal personality and acting in part through a representative of the noteholders (*représentant de la masse*) and in part through general meetings. The terms and conditions of the Notes organise the representation of Noteholders and certain provisions of the French *Code de commerce* relating to the convening of, and participation in, general meetings of noteholders shall apply.
- (b) If the relevant Final Terms specify “**Full Masse**”, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* and the provisions of the French *Code de commerce* relating to the *masse* shall apply.
- (c) If the relevant Final Terms specify “**Contractual Masse**”, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse*. The *masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-65 II, L.228-71, R.228-61, R.228-63, R.228-69, R.228-72, R.228-79 and R.236-11 and by the terms and conditions of the Notes.

Furthermore, the Issuer shall be entitled, in lieu of the holding of general meeting, to seek approval of a resolution by way of a written resolution.

If paragraph (b) or (c) above is specified as applicable in the relevant Final Terms, the *Masse* will act in part through a representative (the “**Representative**”) and in part through general meetings of the Noteholders. The names and addresses of the initial Representative and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single *Masse* of all Tranches in such Series.

RÉSUMÉ EN FRANÇAIS DU PROGRAMME (FRENCH SUMMARY OF THE PROGRAMME)

Les résumés contiennent des exigences de publicité appelées « Éléments » dont la communication est requise par l'Annexe XXII du Règlement européen n°809/2004 du 29 avril 2004 telle que modifiée par le Règlement délégué (UE) n°486/2012 du 30 mars 2012 et le Règlement délégué (UE) n°862/2012 du 4 juin 2012. Ces éléments sont numérotés dans les sections A à E (A.1 - E.7). Ce résumé contient tous les Éléments devant être inclus dans un résumé pour ce type de valeurs mobilières et d'Émetteur. La numérotation des Éléments peut ne pas se suivre en raison du fait que certains Éléments n'ont pas à être inclus. Bien qu'un Éléments doive être inclus dans le résumé du fait du type de valeur mobilière et d'Émetteur concerné, il se peut qu'aucune information pertinente ne puisse être donnée sur cet Éléments. Dans ce cas, une brève description de l'Éléments est incluse dans le résumé suivie de la mention « Sans objet ».

Ce résumé est fourni dans le cadre de l'émission par l'Émetteur de Titres ayant une valeur nominale unitaire inférieure à 100.000 euros qui sont offerts au public ou admis à la négociation sur un marché réglementé de l'Espace Economique Européen (l'« EEE »). Le résumé spécifique à ce type d'émission de Titres figurera en annexe des Conditions Définitives applicables et comprendra (i) les informations relatives au résumé du Prospectus de Base et (ii) les informations contenues dans les rubriques « résumé spécifique à l'émission » figurant ci-dessous et qui seront complétées au moment de chaque émission.

Section A - Introduction et avertissements	
A.1	<p>Ce résumé doit être lu comme une introduction au présent Prospectus de Base. Toute décision d'investir dans les Titres doit être fondée sur un examen exhaustif du Prospectus de Base par les investisseurs, y compris les documents qui y sont incorporés par référence et tout supplément qui pourrait être publié à l'avenir. Lorsqu'une action concernant l'information contenue dans le présent Prospectus de Base est intentée devant un tribunal, le plaignant peut, selon la législation nationale de l'État Membre de l'EEE, avoir à supporter les frais de traduction de ce Prospectus de Base avant le début de la procédure judiciaire. Seule peut être engagée la responsabilité civile des personnes qui ont présenté le résumé ou la traduction de ce dernier, mais seulement si le contenu du résumé est trompeur, inexact ou contradictoire par rapport aux autres parties du Prospectus de Base ou s'il ne fournit pas, lu en combinaison avec les autres parties du Prospectus de Base, les informations clés permettant d'aider les investisseurs lorsqu'ils envisagent d'investir dans les Titres.</p>
A.2	<p>Consentement à l'utilisation du Prospectus</p> <p>Dans le cadre de toute offre de Titres en France et/ou au Grand-Duché de Luxembourg (les « Pays de l'Offre Publique ») qui ne bénéficie pas de l'exemption à l'obligation de publication d'un prospectus en vertu de la Directive Prospectus, telle que modifiée, (une « Offre Non-exemptée »), l'Émetteur consent à l'utilisation du Prospectus de Base et des Conditions Définitives applicables (ensemble, le « Prospectus ») dans le cadre d'une Offre Non-exemptée de tout Titre durant la période d'offre indiquée dans les Conditions Définitives concernées (la « Période d'Offre ») et dans les Pays de l'Offre Publique indiqué(s) dans les Conditions Définitives concernées par :</p> <p>(1) sous réserve des conditions prévues dans les Conditions Définitives, tout intermédiaire financier désigné dans ces Conditions Définitives ; ou</p> <p>(2) si cela est indiqué dans les Conditions Définitives concernées, tout intermédiaire financier qui remplit les conditions suivantes : (a) qui agit conformément à toutes les lois, règles, réglementations et recommandations applicables de toute autorité (les « Règles »), y compris, notamment et dans chacun des cas, les Règles relatives à la fois à l'opportunité ou à l'utilité de tout investissement dans les Titres par toute personne et à la divulgation à tout investisseur potentiel ; (b) qui respecte les restrictions énoncées dans la partie "<i>Subscription and Sale</i>" du présent Prospectus de Base qui s'appliquent comme s'il s'agissait d'un agent placeur nommé dans le cadre du Programme (tel que défini ci-dessous) ou dans le cadre d'une opération spécifique (un « Agent Placeur ») ;</p>

(c) qui s'assure que tous les frais (et toutes les commissions ou avantages de toute nature) reçus ou payés par cet intermédiaire financier en raison de l'offre ou de la cession des Titres sont entièrement et clairement communiqués aux investisseurs ou aux investisseurs potentiels ; (d) qui détient tous les permis, autorisations, approbations et accords nécessaires à la sollicitation, ou à l'offre ou la cession des Titres, en application des Règles ; (e) qui respecte les Règles relatives à la lutte contre le blanchiment d'argent, à la lutte contre la corruption et les règles de connaissance du client (y compris, sans limitation, en prenant toute mesure appropriée, dans le respect de ces Règles, afin d'établir et de documenter l'identité de chaque Investisseur potentiel (tel que défini ci-dessous) avant son investissement initial dans les Titres) et ne permet aucune souscription de Titres dans les circonstances où l'intermédiaire financier aurait un soupçon sur la provenance du prix de souscriptions; (f) qui conserve les dossiers d'identification des investisseurs au moins pendant la période minimum requise par les Règles applicables et doit, sur demande, mettre ces registres à la disposition des Agent(s) Placeur(s) concerné(s) et de l'Émetteur ou les mettre directement à la disposition des autorités compétentes dont l'Émetteur et/ou le(s) Agent(s) Placeur(s) concerné(s) dépendent afin de permettre à l'Émetteur et/ou aux Agent(s) Placeur(s) concerné(s) de respecter les Règles relatives à la lutte contre le blanchiment d'argent, à la lutte contre la corruption et les règles de connaissance du client applicables à l'Émetteur et/ou aux Agent(s) Placeur(s) concerné(s) ; (g) qui n'entraîne pas, directement ou indirectement, la violation d'une Règle par l'Émetteur ou les Agent(s) Placeur(s) concerné(s) ou qui ne soumet pas l'Émetteur ou les Agent(s) Placeur(s) concerné(s) à l'obligation d'effectuer un dépôt, d'obtenir une autorisation ou un accord dans tout pays ; et (h) qui satisfait à toute autre condition spécifiée dans les Conditions Définitives concernées (dans chacun des cas un « **Établissement Autorisé** »). Ni les Agents Placeurs ni l'Émetteur n'auront d'obligation de s'assurer qu'un Etablissement Autorisé agira en conformité avec toutes les lois et réglementations et, en conséquence, ni les Agents Placeurs ni l'Émetteur ne pourra voir sa responsabilité engagée à ce titre.

Les Modalités de l'Offre Non-exemptée devront être communiquées aux Investisseurs par l'Établissement Autorisé au moment de l'Offre Non-exemptée. Ni l'Émetteur ni aucun des Agents Placeurs ou des Établissements Autorisés ne sont responsables de cette information.

La information sectorielle a été modifiée à compter du T1-16, le pôle Participations financières ayant été regroupé avec le pôle Hors métiers.

Le 18 septembre 2015, BPCE International a cédé à la Caisse d'Épargne Provence-Alpes-Corse l'intégralité des participations qu'elle détenait au sein de la Banque de la Réunion, de la Banque des Antilles Françaises et de la Banque de Saint-Pierre-et-Miquelon. Le résultat de ces entités a été affecté rétroactivement au sous-pôle Caisse d'Épargne. Cette opération n'a aucun impact au niveau du pôle Banque commerciale et Assurance.

L'application rétroactive au 1er janvier 2015 du changement de traitement comptable de la couverture d'actifs et passifs en devises par des swaps de devises (les impacts de l'inefficacité des couvertures étant désormais inscrits en capitaux propres recyclables) a conduit à retraiter la chronique trimestrielle 2015 ; ce traitement est sans conséquences sur le résultat annuel 2015.

La chronique 2015 est également présentée pro forma du transfert de charges du Hors pôle vers le pôle SFS.

La méthode de traitement des indemnités de renégociation des réseaux a été homogénéisée entre 2015 et 2016 conduisant à un pro forma pour l'année 2015. En 2016, les indemnités de renégociation sont étalées en marge nette d'intérêt tandis qu'en 2015 certains établissements les comptabilisaient en commissions, en une seule fois.

Au niveau de la BGC, la présentation a été mise à jour de la nouvelle organisation annoncée le 15 mars 2016. Elle tient particulièrement compte de la création de la ligne métier Global finance & Investment banking qui rassemble toutes les activités de Financements (structurés et vanille), ainsi que le M&A, Equity Capital Markets et Debt Capital Markets.

La norme IFRS 9, adoptée en novembre 2016, autorise l'application anticipée dès l'exercice clos le 31/12/2016 des dispositions relatives au risque de crédit propre, consistant à constater désormais toute variation en capitaux propres et non plus en compte de résultat. Les trois premiers trimestres 2016 et la chronique 2015 ont été retraités en conséquence.

L'information sectorielle a été modifiée à compter du T1-17, avec la création du pôle Banque de proximité qui comprend les réseaux Banque Populaire et Caisse d'Épargne, le pôle Services Financiers Spécialisés de Natixis et les Autres réseaux (Crédit Foncier, Banque Palatine et BPCE International). Le pôle SFS regroupe les métiers de Financements spécialisés (affacturage, cautions et garanties, crédit-bail, crédit à la consommation) et les Services Financiers (paiements, épargne salariale et titres), qui sont au cœur et au service du développement des réseaux du groupe. La participation minoritaire dans CNP Assurances, consolidée par mise en équivalence, anciennement reportée au sein du pôle Banque commerciale et Assurance, a été transférée dans le pôle hors métiers.

La norme IFRS 9, adoptée en novembre 2016, autorise l'application anticipée dès l'exercice clos le 31/12/2016 des dispositions relatives au risque de crédit propre, consistant à constater désormais toute variation en capitaux propres et non plus en compte de résultat. Les trois premiers trimestres 2016 ont été retraités en conséquence.

Lors de la publication des résultats du T1-16 et du T1-17, le montant comptabilisé au titre de la contribution du groupe au FRU procédait d'une estimation. Suite à la notification du montant définitif de la contribution au T2-16 et au T2-17, le montant du FRU pris en compte au T1-16 et T1-17 a été réajusté.

CONDITIONS ATTACHED TO THE CONSENT OF THE ISSUER TO USE THE BASE PROSPECTUS

In the context of any offer of Notes in France and/or the Grand Duchy of Luxembourg (the “**Public Offer Jurisdictions**”) that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive, as amended, (a “**Non-exempt Offer**”), in relation to any person (an “**Investor**”) to whom an offer of any Notes is made, the Issuer consents to the use of the Base Prospectus and the relevant Final Terms (together, the “**Prospectus**”) in connection with a Non-exempt Offer of any Notes during the offer period specified in the relevant Final Terms (the “**Offer Period**”) and in the Public Offer Jurisdiction(s) specified in the relevant Final Terms by:

- (1) subject to conditions set out in the relevant Final Terms, any financial intermediary designated in such Final Terms; or
- (2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “**Rules**”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under “*Subscription and Sale*” in this Base Prospectus which would apply as if it were a Dealer; (c) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (d) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (e) complies with applicable anti-money laundering, anti-bribery, anti-corruption and “know your client” Rules (including, without limitation, taking appropriate steps, in compliance with such Rules, to establish and document the identity of each potential Investor prior to initial investment in any Notes by the Investor), and will not permit any application for Notes in circumstances where the financial intermediary has any suspicions as to the source of the application monies; (f) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery, anti-corruption and “know your client” Rules applying to the Issuer and/or the relevant Dealer(s); (g) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (h) satisfies any further conditions specified in the relevant Final Terms (in each case an “**Authorised Offeror**”). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Public Offer Jurisdiction(s) specified in the Final Terms, for the content of the Prospectus in relation to any person (an “**Investor**”) in such Public Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of the Base Prospectus by the AMF.

In the event the Final Terms designate financial intermediary(ies) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at <http://www.bpce.fr>.

If the Final Terms specify that any financial intermediary may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the Offer Period, to publish on its website that it is using the Prospectus for the relevant Non-exempt Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations and settlement arrangements (the “Terms and Conditions of the Non-exempt Offer”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-exempt Offer shall be provided to Investors by that Authorised Offeror at the time of the Non-exempt Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read all the information set out elsewhere in this Base Prospectus (including any documents deemed to be incorporated by reference herein) and reach their own views in light of their financial circumstances and investment objectives prior to making any investment decision.

Words and expressions defined under the “Terms and Conditions of the Notes” section shall have the same meanings in this section.

Risks relating to Groupe BPCE’s 2018-2020 Strategic Plan

Groupe BPCE will implement a strategic plan for the 2018-2020 period (“**2018-2020 Strategic Plan**”) which focuses on a combination of (i) digital transformation in order to seize opportunities created by the ongoing technological revolution, (ii) commitment towards its customers, employees and cooperative shareholders, and (iii) growth in all of the Group’s core businesses. This document contains forward-looking information, which is necessarily subject to uncertainty. In particular, in connection with the 2018-2020 Strategic Plan, Groupe BPCE announced certain financial targets, including revenue synergies between Natixis and the Banque Populaire and Caisse d’Epargne networks and cost reduction objectives. In addition, the Groupe BPCE has also disclosed targets for regulatory capital and TLAC ratios, strategic initiatives and priorities, as well as the management of the cost of risk on outstandings. The financial objectives were established primarily for purposes of planning and allocation of resources, are based on a number of assumptions, and do not constitute projections or forecasts of anticipated results. The actual results of Groupe BPCE are likely to vary (and could vary significantly) from these targets for a number of reasons, including the materialisation of one or more of the risk factors described in this section “Risk Factors” of this Base Prospectus. If Groupe BPCE does not realise its objectives, then its financial condition and the value of its financial instruments could be adversely affected.

In addition, if Groupe BPCE decides to dispose of certain operations, the selling price could turn out to be lower than expected and Groupe BPCE may continue to bear significant risks stemming from these operations as a result of liabilities, guarantees or indemnities that it may have to grant to the buyers concerned. The ability of Groupe BPCE to realise the anticipated synergies contemplated by the 2018-2020 Strategic Plan will depend on a number of factors, many of which are beyond the control of Groupe BPCE. Groupe BPCE may fail to achieve expected synergies for any number of reasons, including disruptions caused by the structure of Groupe BPCE or the materialisation of risks inherent in its ordinary banking activities. Any of these factors, among

others, could result in the actual level of business development and/or cost synergies being weaker than anticipated.

Risks relating to Groupe BPCE's activities and the banking sector

Groupe BPCE is exposed to numerous risk categories associated with banking activities

The main risk categories inherent in Groupe BPCE's activities are:

- credit risk;
- market risks;
- interest rate risk;
- liquidity risk;
- operational risk, including non-compliance risks;
- insurance risk.

Over the last ten years, economic and financial conditions in Europe have had and may continue to have an impact on Groupe BPCE and its markets of operation

The European markets have experienced major upheavals over the past ten years which have affected economic growth, particularly during the 2008 financial crisis. Initially originating from concerns over the ability of certain euro zone countries to refinance their debt securities, these disruptions have created uncertainties more generally regarding the short-term economic outlook of European Union countries as well as the quality of the debt securities of sovereign European Union issuers. There has also been an indirect impact on financial markets in Europe and worldwide.

While the impact on its sovereign bond holdings has remained limited, Groupe BPCE has been indirectly affected by the consequences of the crisis spreading to most countries in the euro-zone, including France, the Group's historic domestic market. Some rating agencies have downgraded the rating on French sovereign bonds in recent years, in some cases leading these same agencies to automatically downgrade the ratings on senior and subordinated bonds issued by French commercial banks, including Groupe BPCE. In the wake of these crises, anti-austerity sentiment has triggered political uncertainties in a number of European countries, while the financial and banking markets have been impacted by other factors, including the many unconventional economic stimulus measures launched by the European Central Bank (the "ECB") along with other central banks around the world. The financial markets have also been subject to strong volatility in response to various events, including but not limited to the decline in oil and commodity prices, the slowdown in emerging economies and turbulence on the equity markets.

If economic or market conditions in France or elsewhere in Europe were to deteriorate further, Groupe BPCE's markets of operation could be more significantly disrupted, and its business, results and financial position could be adversely affected.

The United Kingdom's vote to leave the European Union could have an adverse impact on Groupe BPCE and its markets of operation, imposing restructuring costs on some subsidiaries

On 23 June 2016, the United Kingdom held a referendum that saw the majority of voters choose to exit the European Union ("Brexit"). The referendum is not an obligation to leave the European Union, but it is highly likely that the United Kingdom will trigger the appropriate measures to implement Brexit. On 29 March 2017, the government of the United Kingdom invoked Article 50 of the Treaty on the European Union (the "Lisbon Treaty") relating to withdrawal. Negotiations have begun to determine future relations between the United

Kingdom and the European Union, particularly in terms of commercial, financial and legal agreements. The nature, timetable as well as the economic and political impacts of a potential Brexit are still highly uncertain and will depend on the outcome of the negotiations between the United Kingdom and the European Union. Brexit has sparked uncertainties, volatility and major disturbances on the European markets, and more broadly on the global economic and financial markets, and may well continue to do so, potentially harming the credit rating, activity, results and financial position of Groupe BPCE.

Legislation and regulatory measures in response to the global financial crisis may materially impact Groupe BPCE and the financial and economic environment in which the Group operates

Legislation and regulations have recently been enacted or proposed with a view to introducing a number of changes, some permanent, in the global financial environment. While the objective of these new measures is to avoid a recurrence of the global financial crisis, the impact of the new measures could substantially change, and may continue to change, the environment in which Groupe BPCE and other financial institutions operate.

The measures that have been or may be adopted include more stringent capital and liquidity requirements for internationalized institutions or groups such as Groupe BPCE, taxes on financial transactions, limits or taxes on employees' variable pay over specified levels, limits on the types of activities that commercial banks can undertake (particularly proprietary trading and investment and ownership in private equity funds and hedge funds), new ring-fencing requirements relating to certain activities, restrictions on the types of entities permitted to trade in swaps, restrictions on certain types of financial activities or products such as derivatives, the mandatory write-down or conversion into equity of certain debt instruments, enhanced resolution and recovery mechanisms, new risk-weighting methods (especially in insurance businesses), periodic stress tests and the creation of new regulatory bodies or the enhancement of resources used by existing regulatory bodies, including the transfer of certain supervisory functions to the ECB. Some of these new measures are proposals currently under discussion, which are subject to revision and interpretation, notably to allow national regulators to adapt them to each country's framework.

As a result of some of these measures, Groupe BPCE has reduced, and may further reduce, the size of certain activities in order to comply with the new requirements. These measures are also liable to raise compliance costs. This could cause revenues and consolidated profit to decline in the relevant business lines, sales to decline in certain activities and asset portfolios, and asset-impairment expenses.

Some of these measures could also raise Groupe BPCE's financing costs. For example, on 9 November 2015, the Financial Stability Board finalized international standards requiring systemically important banks to maintain large sums of loans subordinated (by law, contract or structure) to certain secured operating liabilities, such as guaranteed or insured deposits. The purpose of these requirements, relative to the "TLAC" ("total loss absorbing capacity") ratio, is to ensure that losses are absorbed by shareholders or creditors (excluding creditors in respect of secured operating liabilities) and thus without calling on public funds.

On 21 November 2017, the Financial Stability Board ("FSB"), in consultation with Basel Committee on Banking Supervision and national authorities, has published the 2017 list of global systemically important banks ("G-SIBs"). Groupe BPCE has been removed from this list and as a result is no longer classified as a G-SIB under the FSB assessment framework. However, Groupe BPCE was also on the list of the Global Systemically Important Institutions ("G-SIIs") and its removal from such list will come into effect only on 1st January 2019. Groupe BPCE however does not intend to change the way it manages its capital and bail-in buffer requirements.

On 23 November 2016, the European Commission issued several legislative proposals proposing to amend a number of key EU banking directives and regulations, including the CRD IV Directive, the CRD IV Regulation, the BRRD and the Single Resolution Mechanism Regulation (as these terms are defined below). If adopted, these legislative proposals would, among other things, give effect to the FSB TLAC Term Sheet and modify the requirements applicable to the "minimum requirement for own funds and eligible liabilities" (MREL). The

implementation of the current texts and the new proposals, and their application to Groupe BPCE or the taking of any action thereunder is currently uncertain.

The law n°2016-1691 dated 9 December 2016 entered into force on 11 December 2016 created a priority between senior preferred securities and senior non-preferred securities (such as the Senior Preferred Notes and the Senior Non-Preferred Notes) issued by credit institutions and which rank senior to ordinary subordinated instruments.

Moreover, the general political environment has evolved unfavorably for banks and the financial industry, resulting in additional pressure on the part of legislative and regulatory bodies to adopt more stringent regulatory measures, despite the fact that these measures may have adverse consequences on lending and other financial activities, and on the economy. Because of the continuing uncertainty surrounding the new legislative and regulatory measures, it is not possible to predict what impact they will have on Groupe BPCE.

Groupe BPCE's ability to attract and retain skilled employees is paramount to the success of its business and failing to do so may affect its performance

The employees of Groupe BPCE entities are the Group's most valuable resource. Competition to attract qualified employees is fierce in many areas of the financial services sector. Groupe BPCE's results depend on its ability to attract new employees and retain and motivate existing employees. Changes in the economic environment (in particular tax and other measures aimed at limiting the pay of banking sector employees) may compel Groupe BPCE to transfer its employees from one unit to another, or reduce the workforce in certain business lines, which may cause temporary disruptions due to the time required for employees to adapt to their new duties, and may limit Groupe BPCE's ability to benefit from improvements in the economic environment. This may prevent Groupe BPCE from taking advantage of potential opportunities in terms of sales or efficiency.

BPCE must maintain high credit ratings to avoid affecting its profitability and activities

Credit ratings have a significant impact on the liquidity of BPCE and its affiliates active in the financial markets (including Natixis). A ratings downgrade may affect the liquidity and competitive position of BPCE or Natixis, increase borrowing costs, limit access to financial markets and trigger obligations under some bilateral contracts governing trading, derivative and collateralized funding transactions. BPCE and Natixis' unsecured long-term funding cost is directly linked to their respective credit spreads (the yield spread over and above the yield on government issues with the same maturity that is paid to bond investors), which in turn are heavily dependent on their ratings. An increase in credit spreads may materially raise BPCE and Natixis' funding cost. Shifts in credit spreads are correlated to the market and sometimes subject to unforeseen and highly volatile changes. Credit spreads are also influenced by market perception of issuer solvency. Moreover, credit spreads may be caused by changes in the price of credit default swaps backed by certain BPCE or Natixis debt securities. This price may in turn be influenced by the credit quality of these bonds and a number of other market factors over which BPCE and Natixis have no control.

A substantial increase in asset impairment expenses recorded on Groupe BPCE's outstanding loans and receivables may weigh heavily on its results and financial position

In the course of its lending activities, Groupe BPCE regularly recognizes charges for asset impairments in order to reflect, if necessary, actual or potential losses on its portfolio of loans and receivables. Such impairments are booked in the income statement under "Cost of risk". Groupe BPCE's total charges for asset impairments are based on the Group's measurement of historic losses on loans, volumes and types of loans granted, industry standards, loans in arrears, economic conditions and other factors associated with the recoverability of various types of loans. While Groupe BPCE makes every effort to set aside a sufficient level of provisions for asset impairment expenses, its lending activities may cause it in the future to have to increase its expenses for losses on loans, due to a rise in non-performing loans or for other reasons, such as the deterioration of market conditions or factors affecting certain countries. Any substantial increase in charges for losses on loans, material

change in Groupe BPCE's estimate of the risk of loss associated with its portfolio of unimpaired loans, or any loss on loans exceeding past charges in this respect, could have an adverse impact on Groupe BPCE's results and financial position.

Changes in the fair value of Groupe BPCE's portfolios of derivative securities and products, and its own debt, are liable to have an impact on the carrying amount of these assets and liabilities, and as a result on Groupe BPCE's net income and equity

The carrying amount of Groupe BPCE's derivative securities, products and other types of assets, and of its own debt, is adjusted (at balance sheet level) at the date of each new financial statement. These adjustments are predominantly based on changes in the fair value of assets and liabilities during an accounting period, i.e. changes recognized in the income statement or booked directly to equity. Changes recorded in the income statement, but not offset by corresponding changes in the fair value of other assets, have an impact on net banking income and thus on net income. All fair value adjustments have an impact on equity and thus on Groupe BPCE's capital adequacy ratios. The fact that fair value adjustments are recorded over an accounting period does not mean that additional adjustments will not be necessary in subsequent periods.

A persistently low interest rate environment may be detrimental to the profitability and financial position of Groupe BPCE

The global markets have been subject to low interest rates in recent years, and it appears this situation will not be changing anytime soon. When interest rates are low, credit spreads tend to tighten, meaning Groupe BPCE may not be able to sufficiently lower interest rates paid on deposits to offset the drop in revenues associated with issuing loans at lower market rates. Groupe BPCE's efforts to reduce the cost of deposits may be restricted by the high volumes of regulated products, especially on the French market, including in particular *Livret A* passbook savings accounts and PEL home savings plans, which earn interest above the current market rate. In addition, Groupe BPCE may incur an increase in prepayments and renegotiations of home loans and other fixed-rate loans to individuals and businesses, as customers seek to take advantage of lower borrowing costs. Combined with the issuance of new loans at low interest rates prevailing on the markets, Group BPCE may see an overall decrease in the average interest rate in the loan book. Reduced credit spreads and weaker retail banking revenues stemming from this decrease may undermine the profitability of the retail banking activities and overall financial position of Groupe BPCE. Furthermore, if market rates begin climbing again and Groupe BPCE's hedging strategies prove ineffective or only partially offset this fluctuation in value, its profitability may be affected. An environment of persistently low interest rates may also cause the market yield curve to flatten more generally, which in turn may lower the premium generated by Groupe BPCE's financing activities and negatively impact its profitability and financial position. The flattening of the yield curve may also encourage financial institutions to enter into higher-risk activities in an effort to obtain the targeted level of return, which may heighten risk and volatility on the market. Given the difference in economic cycle between the United States and Europe, rising interest rates are expected to affect the dollar before the euro, and Groupe BPCE may be more affected by interest rate rises in EUR than in USD.

Future events may vary compared to assumptions used by Management to prepare Groupe BPCE's financial statements, which may expose it to unexpected losses

In accordance with current IFRS standards and interpretations, Groupe BPCE must base its financial statements on certain estimates, in particular accounting estimates relating to the determination of provisions for non-performing loans and receivables, provisions for potential claims and litigation, and the fair value of certain assets and liabilities. If the values used for the estimates by Groupe BPCE prove to be materially inaccurate, in particular in the event of major and/or unexpected market trends, or if the methods used to calculate these values are modified due to future changes in IFRS standards or interpretations, Groupe BPCE may be exposed to unexpected losses.

Market fluctuations and volatility expose Groupe BPCE, in particular Natixis, to losses in its trading and investment activities

With respect to its trading and investment activities, Natixis holds positions in the bond, currency, commodity and equity markets, as well as in unlisted securities, real estate assets and other asset classes (this is also true of other Groupe BPCE entities, but to a lesser extent). These positions may be affected by volatility on the markets (especially the financial markets), i.e. the degree of price fluctuations over a given period on a given market, regardless of the levels on the market in question. Volatility may also trigger losses on a vast range of other trading and hedging products used by Natixis, including swaps, futures, options and structured products, if prices or price variations are lower or higher than Natixis' estimates.

As Natixis holds assets or has net long positions in these markets, any market correction would lead to losses due to a decrease in the value of these net long positions. Conversely, as Natixis has disposed of assets which it does not own or on which it held net short positions in these markets, any rebound in these markets may expose it to losses due to measures taken to hedge these net short positions with purchases in a rising market. Natixis may, on occasion, implement a trading strategy involving a long position in one asset and a short position in another, from which it intends to generate net gains on the change in the relative value of both assets. However, if the relative value of both assets changes in the same direction, or to an extent not anticipated by Natixis, or for which no hedging transaction has been set up, the company could record a loss on its arbitrage positions. If material, these losses may weigh on the results of Natixis' transactions and financial position, and thus on Groupe BPCE's results and financial position.

Groupe BPCE's revenues from brokerage and other activities associated with fee and commission income may decrease in the event of market downturns

A market downturn is liable to lower the volume of transactions executed by Groupe BPCE entities for their customers and as a market maker, thus reducing net banking income from these activities. Furthermore, as management fees invoiced by Groupe BPCE entities to their customers are generally based on the value or performance of portfolios, any decline in the markets causing the value of these portfolios to decrease or generating an increase in the amount of redemptions would reduce the revenues earned by these entities through the distribution of mutual funds or other investment products (for the Caisses d'Épargne and the Banque Populaire banks) or through asset management activities (for Natixis).

Even if there is no market decline, if mutual funds and other Groupe BPCE products underperform the market, redemptions may increase and inflows decrease as a result, with a potential corresponding impact on revenues from the Group's asset management business.

Extended market declines may reduce market liquidity and thus make it difficult to sell certain assets, in turn generating material losses

In some of Groupe BPCE's activities, extended market trends (in particular downturns in asset prices) may reduce the level of business on the market or its liquidity. Such trends may result in material losses if Groupe BPCE is unable to unwind positions whose value is falling, when necessary. This may be the case, for example, for assets held by Groupe BPCE in markets that naturally tend to be illiquid. The valuation of these assets, which are not traded on stock exchanges or other public markets (e.g. derivatives traded between banks), is determined using models rather than official market prices. It is difficult to monitor declines in the prices of such assets and, consequently, Groupe BPCE runs the risk of incurring unexpected losses.

Significant changes in interest rates may have an adverse impact on Groupe BPCE's net banking income and profitability

Net interest income earned by Groupe BPCE during a given period has a material influence on net banking income and profitability for the period. In addition, material changes in credit spreads may influence Groupe

BPCE's earnings. Interest rates are highly sensitive to various factors that may be outside the control of Groupe BPCE. Changes in market interest rates may have an impact on the interest rate applied to interest-bearing assets, different from those of interest rates paid on interest-bearing liabilities. Any unfavorable trends in the yield curve may trigger a decline in net interest income from lending activities. Moreover, rises in interest rates at which short-term funding is available and maturity mismatches may have a negative impact on Groupe BPCE's profitability. Increases in interest rates, or high interest rate levels, as well as low interest rates and/or widening credit spreads may create a less supportive environment for some banking activities, especially if these changes take place rapidly and/or persist over time.

Exchange rate fluctuations may have a material impact on Groupe BPCE's net banking income or net income

Groupe BPCE entities carry out a large share of their activities in currencies other than the euro, in particular the US dollar, and changes in the exchange rate may affect their net banking income and results. The fact that Groupe BPCE records costs in currencies other than the euro only partly offsets the impact of exchange rate fluctuations on net banking income. Natixis is particularly exposed to fluctuations between the euro and US dollar, as a major share of its net banking income and operating income is generated in the United States. As part of its risk management policy, Groupe BPCE and its subsidiaries enter into transactions to hedge their exposure to exchange rate risk. However, these transactions may not fully offset the impact of unfavorable exchange rates on operating income. In some cases, they may even amplify their effect.

Intense competition in France, Groupe BPCE's main market, or internationally, may cause its net income and profitability to decline

Groupe BPCE's main business lines operate in a very competitive environment both in France and other parts of the world where it does substantial business. This competition is heightened by consolidation, either through mergers and acquisitions or cooperation and arrangements. Consolidation has created a certain number of companies which, like Groupe BPCE, can offer a wide range of products and services ranging from insurance, loans and deposits to brokerage, investment banking and asset management. Groupe BPCE is in competition with other entities based on a number of factors, including the execution of transactions, products and services offered, innovation, reputation and price. If Groupe BPCE is unable to maintain its competitiveness in France or in its other major markets by offering a range of attractive and profitable products and services, it may lose market share in certain key business lines or incur losses in some or all of its activities. Moreover, a slowdown in the global economy or the economic environment of Groupe BPCE's main markets is likely to increase competitive pressure, in particular through greater pricing pressure and a slowdown in business volume for Groupe BPCE and its competitors. New and more competitive players, which are subject to separate or more flexible regulations or to other requirements in terms of capital adequacy ratios, may also enter the market. Such new market participants would thus be able to offer more competitive products and services. Advances in technology and the growth of e-commerce have made it possible for institutions other than custodians to offer products and services that were traditionally banking products, and for financial institutions and other companies to provide electronic and Internet based financial solutions, including electronic securities trading. These new entrants may put downward pressure on the price of Groupe BPCE's products and services or affect Groupe BPCE's market share. Advances in technology could lead to rapid and unexpected changes on Groupe BPCE's markets of operation. Groupe BPCE's competitive position and results could suffer should it prove unable to adequately adapt its activities or strategy in response to such changes.

Any interruption or failure of the information systems belonging to Groupe BPCE or a third party may lead to losses, including losses in sales

As is the case for the majority of its competitors, Groupe BPCE is highly dependent on communication and information systems, as a large number of increasingly complex transactions are processed in the course of its

activities. Any failure, interruption or malfunction in these systems may cause errors or interruptions in the systems used to manage customer accounts, general accounts, deposits, transactions and/or to process loans. For example, if Groupe BPCE's information systems were to malfunction, even for a short period, the affected entities would be unable to meet their customers' needs in time and could thus lose transaction opportunities. Similarly, a temporary failure in Groupe BPCE's information systems despite back-up systems and contingency plans could also generate substantial information recovery and verification costs, or even a decline in its proprietary activities if, for example, such a failure were to occur during the implementation of a hedging transaction. The inability of Groupe BPCE's systems to adapt to an increasing volume of transactions may also limit its ability to develop its activities.

Groupe BPCE is also exposed to the risk of malfunction or operational failure by one of its clearing agents, foreign exchange markets, clearing houses, custodians or other financial intermediaries or external service providers that it uses to carry out or facilitate its securities transactions. As interconnectivity with its customers continues to grow, Groupe BPCE may also become increasingly exposed to the risk of the operational malfunction of its customers' information systems. Groupe BPCE's communication and information systems, and those of its customers, service providers and counterparties, may also be subject to failures or interruptions resulting from cybercriminal or cyberterrorist acts. Groupe BPCE cannot guarantee that such malfunctions or interruptions in its own systems or in third party systems will not occur or that, if they do occur, that they will be adequately resolved.

Unforeseen events may interrupt Groupe BPCE's operations and cause losses and additional costs

Unforeseen events, such as a serious natural disaster, a pandemic, attacks or any other emergency situation can cause an abrupt interruption in the operations of Groupe BPCE entities and trigger material losses, if the Group is not covered or not sufficiently covered by an insurance policy. These losses could relate to material assets, financial assets, market positions or key personnel. Moreover, such events may also disrupt Groupe BPCE's infrastructure, or that of a third party with which Groupe BPCE does business, and generate additional costs (relating in particular to the cost of re-housing the affected personnel) and increase Groupe BPCE's costs (such as insurance premiums). Such events may invalidate insurance coverage of certain risks and thus increase Groupe BPCE's overall level of risk.

Groupe BPCE may be vulnerable to political, macroeconomic and financial environments or to specific circumstances in its countries of operation

In some of Groupe BPCE's entities are exposed to country risk, which is the risk that economic, financial, political or social conditions in a foreign country may affect their financial interests. Natixis operates worldwide, including in parts of the world that are developing, commonly referred to as emerging markets. In the past, many countries classified as emerging have experienced serious economic and financial instability, including devaluations of their local currencies, currency exchange and capital controls, and weak or negative economic growth. Though limited, Groupe BPCE's activities and revenues from operations and transactions conducted outside the European Union and the United States are exposed to a risk of loss due to unfavorable political, economic and legal developments, in particular currency fluctuations, social instability, changes in government or central bank policies, expropriation, nationalization, asset confiscation and changes to laws governing property rights.

Groupe BPCE is subject to significant regulation in France and in several other countries around the world where it operates; regulatory measures and changes could adversely affect Groupe BPCE's business and results

Groupe BPCE entities are subject to several supervisory and regulatory schemes in the jurisdictions in which they operate. Non-compliance could lead to significant intervention by regulatory authorities, fines, public reprimand, reputational damage, suspension of operations or, in extreme cases, withdrawal of their operating

license. The financial services industry has experienced increased scrutiny from a variety of regulators in recent years, as well as an increase in the penalties and fines sought by regulatory authorities, a trend that may pick up in the current financial environment. The business and results of Group entities may be materially impacted by the policies and actions of various regulatory authorities in France, other governments of the European Union, the United States, foreign governments and international organizations. Such constraints may limit the ability of Group BPCE entities to expand their businesses or conduct certain activities. The nature and impact of future changes in such policies and regulatory measures are unpredictable and are beyond Groupe BPCE's control. Such changes may include, but are not limited to, the following:

- the monetary, interest rate and other policies of central banks and regulatory authorities;
- general changes in government or regulatory policies liable to significantly influence investor decisions, in particular on Groupe BPCE's markets of operation;
- general changes in regulatory requirements, including in particular prudential rules governing regulatory capital adequacy as well as recovery and resolution mechanisms;
- changes in internal control rules and procedures;
- changes in the competitive environment and prices;
- changes in financial reporting rules;
- expropriation, nationalization, price controls, foreign exchange controls, the confiscation of assets and changes in legislation relating to foreign ownership rights; and
- any adverse changes in the political, military or diplomatic environments creating social instability or an uncertain legal situation capable of affecting the demand for the products and services offered by Groupe BPCE.

Tax legislation and its application in France and in countries where Groupe BPCE operates are likely to have an impact on Groupe BPCE's profits

As a multinational banking group that carries out large and complex international transactions, Groupe BPCE (particularly Natixis) is subject to tax legislation in a large number of countries throughout the world, and globally structures its activity in order to optimize its effective tax rate. Changes in tax schemes by the competent authorities in these countries could significantly impact Groupe BPCE's profits. Groupe BPCE manages its activities with a view to creating value from the synergies and sales capabilities of its various constituent entities. It also works to structure financial products sold to its customers with the aim of maximizing their tax benefits. The structure of intra-group transactions and financial products sold by entities of Groupe BPCE are based on its own interpretations of applicable tax regulations and laws, generally based on opinions given by independent tax experts, and, as needed, on decisions or specific interpretations by the competent tax authorities. It is possible that in the future tax authorities may question some of these interpretations, as a result of which Groupe BPCE entities may be subject to tax re-assessments.

The failure or inadequacy of Groupe BPCE's risk management policies, procedures and strategies may expose it to unidentified or unexpected risks which may trigger losses

The risk management techniques and strategies of Groupe BPCE may not succeed in effectively limiting its exposure to all types of market environments or all kinds of risks, including risks that the Group was unable to identify or anticipate. Furthermore, the risk management techniques and strategies employed by Groupe BPCE may not effectively limit its exposure to risk and do not guarantee an actual lowering of risk in all market environments. These techniques and strategies may prove ineffective against certain types of risk, in particular risks that Groupe BPCE had not already identified or anticipated. Some of the indicators and qualitative tools

used by Groupe BPCE to manage risk are based on the observation of past market performance. To measure risk exposures, the heads of risk management carry out a statistical analysis of these observations. There is no guarantee that these tools or indicators will be capable of predicting future exposure to risk. For example, these risk exposures may be due to factors that Groupe BPCE may not have anticipated or correctly assessed in its statistical models or due to unexpected or unprecedented shifts in the market. This would limit Groupe BPCE's risk management capacity. As a result, losses incurred by Groupe BPCE may be higher than those anticipated based on historical measurements. Moreover, the Group's quantitative models cannot factor in all risks. Some risks are subject to a more qualitative analysis, which may prove inadequate and thus expose Groupe BPCE to material unexpected losses. In addition, while no significant problem has been identified to date, the risk management systems are subject to the risk of operational failure, including fraud.

The hedging strategies implemented by Groupe BPCE do not eliminate all risk of loss

Groupe BPCE may incur losses if any of the different hedging instruments or strategies that it uses to hedge its exposure to various kinds of risks prove ineffective. Many of its strategies are based on historic market trends and correlations. For example, if Groupe BPCE holds a long position in an asset, it may hedge the risk by taking a short position in another asset whose past performance offsets the changes in the long position. However, Groupe BPCE may only have a partial hedge, or these strategies may not effectively mitigate its total risk exposure in all market configurations or may not be effective against all types of future risks. Any unforeseen trend in the markets may also reduce the effectiveness of Groupe BPCE's hedging strategies. Moreover, the accounting recognition of gains and losses from ineffective hedges may increase the volatility of results published by Groupe BPCE.

Groupe BPCE may encounter difficulties in adapting, implementing and incorporating its policy governing acquisitions or joint ventures

Although acquisitions are not a major part of Groupe BPCE's current strategy, the Group may nonetheless consider acquisition or partnership opportunities in the future. Although Groupe BPCE carries out an in-depth analysis of any potential acquisitions or joint ventures, in general it is impossible to carry out an exhaustive appraisal in every respect. As a result, Groupe BPCE may have to manage initially unforeseen liabilities. Similarly, the results of the acquired company or joint venture may prove disappointing and the expected synergies may not be realized in whole or in part, or the transaction may give rise to higher-than-expected costs. Groupe BPCE may also encounter difficulties with the consolidation of new entities. The failure of an announced acquisition or failure to consolidate a new entity or joint venture may place a material strain on Groupe BPCE's profitability. This situation may also lead to the departure of key personnel. In the event that Groupe BPCE is obliged to offer financial incentives to its employees in order to retain them, this situation may also lead to an increase in costs and a decline in profitability. Joint ventures expose Groupe BPCE to additional risks and uncertainties in that it may depend on systems, controls and persons that are outside its control and may, in this respect, see its liability incurred, incur losses or suffer damage to its reputation. Moreover, conflicts or disagreements between Groupe BPCE and its joint venture partners may have a negative impact on the targeted benefits of the joint venture.

The financial solidity and performance of other financial institutions and market players may have an unfavorable impact on Groupe BPCE

Groupe BPCE's ability to execute transactions may be affected by the financial strength of other financial institutions and market players. Financial institutions are closely interconnected owing to their trading, clearing, counterparty and financing operations. A default by a sector player, or even mere rumors or concerns regarding one or more financial institutions or the financial industry in general, may lead to a general contraction in market liquidity and subsequently to losses or further defaults in the future. Groupe BPCE is exposed to various financial counterparties, such as investment service providers, commercial or investment banks, clearing houses and CCPs, mutual funds, hedge funds, and other institutional clients, with which it regularly conducts

transactions. Groupe BPCE may therefore be placed at risk should one or more of its counterparties or customers fail to meet their commitments. This risk would be exacerbated if the assets held as collateral by Groupe BPCE could not be sold, or if their selling price would not cover all of Groupe BPCE's exposure to loans or derivatives in default. In addition, fraud or misappropriation committed by financial sector participants may have a highly detrimental impact on financial institutions due to the interconnected nature of institutions operating in the financial markets.

Reputational and legal risks could unfavorably impact Groupe BPCE's profitability and commercial outlook

Groupe BPCE's reputation is of paramount importance when it comes to attracting and retaining customers. Use of inappropriate means to promote and market Group products and services, inadequate management of potential conflicts of interest, legal and regulatory requirements, ethics issues, money laundering laws, economic sanctions, information security policies and sales and trading practices could adversely affect Groupe BPCE's reputation. Its reputation could also be harmed by inappropriate employee behavior, fraud, misappropriation of funds or other malpractice committed by financial sector participants to which Groupe BPCE is exposed, any decrease, restatement or correction of financial results, or any legal or regulatory action with a potentially unfavorable outcome. Any damage to Groupe BPCE's reputation could be accompanied by a decrease in business that is likely to weigh on its results and financial situation.

Inadequate management of these aspects could also increase Groupe BPCE's legal risk, the number of legal proceedings and the amount of damages claimed from Groupe BPCE, or expose it to regulatory sanctions (for further details see Section 3.10 ("Legal risks") of the BPCE 2016 Registration Document, and in particular the Sections 3.10.1 and 3.10.2 on legal and arbitration proceedings, Section 3.6 ("Legal Risks") of the Second Update to the BPCE 2016 Registration Document as well as Section 2.4 ("Legal Risks") of the Third Update to the BPCE 2016 Registration Document.

Risks related to the structure of Groupe BPCE

BPCE may have to help entities belonging to the financial solidarity mechanism in the event they experience financial difficulties, including entities in which BPCE holds no economic interest

As the central institution of Groupe BPCE, BPCE is responsible for ensuring the liquidity and solvency of each regional bank (Banque Populaire banks and Caisses d'Epargne) and the other members of the group of affiliates which are credit institutions subject to French regulations. The group of affiliates includes BPCE subsidiaries, such as Natixis, Crédit Foncier de France and Banque Palatine. While the regional banks and some other members of the group of affiliates are required to provide BPCE with similar support, there is no guarantee that the benefits of the financial solidarity mechanism will outweigh the costs.

The three guarantee funds established to cover liquidity and insolvency risks, totaled nearly €1.3 billion at 30 September 2017. The regional banks and entities belonging to the group of affiliates are obligated to make additional contributions to the guarantee fund on their future profits. While the guarantee fund represents a substantial source of resources to fund the solidarity mechanism, there is no guarantee these revenues will be sufficient. Should the guarantee fund prove insufficient, BPCE will have to make up the deficit in its capacity as the central institution.

RISK FACTORS RELATING TO THE NOTES

In addition to the risks relating to the Issuer (including the default risk) that may affect the Issuer's ability to fulfill its obligations under the Notes, there are certain factors which are material for the purpose of assessing the risks associated with an investment in Notes issued under the Programme.

General Risks Relating to the Notes

Independent Review and Advice, Suitability of Investment

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Potential Conflicts of Interest

All or some of the Dealers and their affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of Group BPCE. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of Group BPCE or (iii) act as financial advisers to the Issuer or other companies of Group BPCE. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of Group BPCE. Where applicable, they have or will receive customary fees and commissions for these transactions.

Each of the Issuer and the Dealers may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

Legality of Purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling General Meetings of Noteholders or consulting them by way of Written Resolutions to consider matters affecting their interests generally (but if the relevant Final Terms specify “No *Masse*”, Noteholders will not be grouped in a *masse* having legal personality governed by the provisions of the French *Code de commerce* and will not be represented by a representative of the *masse*), including the modification of the conditions of the Notes. These provisions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting, Noteholders who voted in a manner contrary to the majority and Noteholders who did not respond to, or rejected the relevant Written Resolution.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Notes. Potential investors are advised not to rely upon the tax section contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission has published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**"). Estonia has since then officially announced its withdrawal from the negotiations.

The Commission's Proposal has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The FTT would impose a charge at generally not less than 0.1 per cent. of the sale price on such transactions. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The Commission's Proposal remains subject to negotiation between the Participating Member States (excluding Estonia) and its scope is uncertain. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. If the proposed directive or any similar tax were adopted, transactions in the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

The Notes may be subject to mandatory write-down or conversion to equity if the Issuer becomes subject to a resolution procedure

On 15 May 2014, the European Parliament and the Council of the European Union adopted Directive 2014/59/EU of the European Parliament and of the Council, establishing an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the “BRRD”) in order to provide relevant resolution authorities with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers’ exposure to losses. The BRRD was implemented in France by the *Ordonnance portant diverses dispositions d’adaptation de la législation au droit de l’Union européenne en matière financière* dated 20 August 2015.

Under this Ordonnance, the *Autorité de contrôle prudentiel et de résolution* (the “ACPR”) or the single resolution board (the “**Single Resolution Board**”) established by Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a single resolution mechanism and a single resolution fund (the “**Single Resolution Mechanism Regulation**”) (each of the ACPR, the Single Resolution Board and any other authority entitled to exercise or participate in the exercise of the bail-in power from time to time, including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation, is hereinafter referred to as a “**Relevant Resolution Authority**”) may commence resolution proceedings in respect of an institution such as Groupe BPCE when the Relevant Resolution Authority determines that:

- the institution is failing or likely to fail;
- there is no reasonable prospect that another action will prevent the failure within a reasonable time; and
- a resolution measure is required, and a liquidation procedure would fail, to achieve the objectives of the resolution: (i) to ensure the continuity of critical functions, (ii) to avoid a significant adverse effect on the financial system, (iii) to protect public funds by minimizing reliance on extraordinary public financial support, and (iv) to protect client funds and assets, and in particular those of depositors.

Failure of an institution means that it does not respect requirements for continuing authorization, it is unable to pay its debts or other liabilities when they fall due, it requires extraordinary public financial support (subject to limited exceptions), or the value of its liabilities exceeds the value of its assets.

After resolution proceedings are commenced, the Relevant Resolution Authority may use one or more of several resolution tools with a view to recapitalizing or restoring the viability of the institution, as described below. Resolution tools are to be implemented so that shareholders bear losses first, then holders of capital instruments qualifying as additional tier 1 and tier 2 instruments, such as the Subordinated Notes, and thereafter creditors bear losses in accordance with the order of their claims in normal insolvency proceedings, subject to certain exceptions. French law also provides for certain safeguards when certain resolution tools and measures are implemented including the “no creditor worse off than under normal insolvency proceedings” principle, whereby creditors of the institution under resolution should not incur greater losses than they would have incurred had the institution been wound up under a liquidation proceeding.

Write-Down and Conversion of Capital Instruments

Capital instruments may be written down or converted to equity or other instruments either in connection with (and prior to) the opening of a resolution proceeding, or in certain other cases described below (without a resolution proceeding). Capital instruments for these purposes include common equity tier 1, additional tier 1 and tier 2 instruments, such as the Subordinated Notes.

The Relevant Resolution Authority must write down capital instruments, or convert them to equity or other instruments, if it determines that the conditions for the initiation of a resolution procedure have been satisfied or if (i) the issuing institution or the group to which it belongs is failing or likely to fail and the write-down or conversion is necessary to avoid such failure, (ii) the viability of the institution depends on the write-down or conversion (and there is no reasonable perspective that another measure, including a resolution measure, could avoid the failure of the issuing institution or its group in a reasonable time), or (iii) the institution or its group requires extraordinary public support (subject to certain exceptions). The failure of an issuing institution is determined in the manner described above. The failure of a group is considered to occur or be likely if the group breaches its consolidated capital ratios or if such a breach is likely to occur in the near term, based on objective evidence (such as the incurrence of substantial losses that are likely to deplete the group's own funds).

If one or more of these conditions is met, common equity tier 1 instruments are first written down, transferred to creditors or, if the institution enters resolution and its net assets are positive, significantly diluted by the conversion of other capital instruments and eligible liabilities. Once this has occurred, other capital instruments (first additional tier 1 instruments, then tier 2 instruments) are either written down or converted to common equity tier 1 instruments or other instruments (which are also subject to possible write-down).

The Bail-In Tool

Once a resolution procedure is initiated, the powers provided to the Relevant Resolution Authority include the "Bail-in Tool", meaning the power to write down eligible liabilities of a credit institution in resolution, or to convert them to equity. Eligible liabilities include subordinated debt instruments not qualifying as capital instruments, senior unsecured debt instruments (such as Senior Preferred Notes and Senior Non-Preferred Notes) and other liabilities that are not excluded from the scope of the Bail-in Tool pursuant to the BRRD, such as non-covered deposits or financial instruments that are not secured or used for hedging purposes. The Bail-in Tool may also be applied to any liabilities that are capital instruments and that remain outstanding at the time the Bail-in Tool is applied. Before the Relevant Resolution Authority may exercise the Bail-in Tool in respect of eligible liabilities, capital instruments must first be written down or converted to equity or other instruments, in the following order of priority: (i) common equity tier 1 instruments are to be written down first, (ii) other capital instruments (additional tier 1 instruments) are to be written down or converted into common equity tier 1 instruments and (iii) tier 2 capital instruments (such as the Subordinated Notes) are to be written down or converted into common equity tier 1 instruments. Once this has occurred, the Bail-in Tool may be used to write down or convert eligible liabilities as follows: (i) subordinated debt instruments other than capital instruments are to be written down or converted into common equity tier 1 instruments in accordance with the hierarchy of claims in normal insolvency proceedings, and (ii) other eligible liabilities (including senior debt instruments, such as the Senior Notes) are to be written down or converted into common equity tier 1 instruments, in accordance with the hierarchy of claims in normal insolvency proceedings (under such hierarchy, the Senior Non-Preferred Notes would be written down or converted before the Senior Preferred Notes). Instruments of the same ranking are generally written down or converted to equity on a pro rata basis.

Other resolution measures

In addition to the Bail-in Tool, the Relevant Resolution Authority is provided with broad powers to implement other resolution measures with respect to failing institutions or, under certain circumstances, their groups, which may include (without limitation): the total or partial sale of the institution's business to a third party or a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), discontinuing the listing and admission to trading of financial instruments, the dismissal of managers or the appointment of a temporary administrator (*administrateur spécial*) and the issuance of new equity or own funds.

The exercise of these powers by Relevant Resolution Authorities could result in the partial or total write-down or conversion to equity of the Notes issued by BPCE. In addition, if BPCE's financial condition, or that of Groupe BPCE, deteriorates or is perceived to deteriorate, the existence of these powers could cause the market value of the Notes issued by the BPCE to decline more rapidly than would be the case in the absence of such powers.

Limitation on Enforcement

Article 68 of BRRD, as transposed in France, provides that certain crisis prevention measures and crisis management measures, including the opening of a resolution proceeding in respect of the Issuer, may not by themselves give rise to a contractual enforcement right against the Issuer or the right to modify the Issuer's obligations, so long as the Issuer continues to meet its payment obligations. Accordingly, if a resolution proceeding is opened in respect of the Issuer, holders of the Notes will not have the right to declare an event of default, to accelerate the maturity of the Notes, to modify the terms of the Notes or to exercise other enforcement rights in respect of the Notes so long as the Issuer continues to meet its payment obligations.

French Insolvency Law

Under French insolvency law notwithstanding any clause to the contrary, holders of debt securities (*obligations*) are automatically grouped into a single assembly of holders (the "**Assembly**") in order to defend their common interest if a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly will comprise all holders of debt securities (*obligations*) issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as the Programme) and regardless of their governing law. The Assembly will deliberate on the proposed safeguard plan (*projet de plan de sauvegarde*), proposed accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), proposed accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or proposed judicial reorganisation plan (*projet de plan de redressement*) prepared in relation to the Issuer and may further agree to:

- increase the liabilities (*charges*) of such holders of debt securities (including the Noteholders) by rescheduling payments and/or partially or totally writing-off receivables in the form of debt securities;
- decide to convert such debt securities (including the Notes) into securities that give or may give right to share capital; and/or
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the amount of debt securities held by the holders attending such Assembly or represented thereat who have cast a vote at such Assembly). No quorum is required to hold the Assembly.

For the avoidance of doubt, the provisions relating to the General Meetings of Noteholders set out in Condition 11 (*Representation of Noteholders*) of the Terms and Conditions of the Notes will not be applicable to the extent that they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The procedures, as described above or as they will or may be amended, could have an adverse impact on the Noteholders seeking repayment in the event that the Issuer is to become insolvent.

Please refer to the risk factor "*The Notes may be subject to mandatory write-down or conversion to equity if the Issuer becomes subject to a resolution procedure*" for a description of resolution measures which can be implemented under French law.

Change of Law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of this Base Prospectus.

Absence of events of default

Except in respect of the Series of Senior Preferred Notes governed by the previous terms and conditions incorporated by reference in the Base Prospectus or unless the Notes are Senior Preferred Notes and the Events of Default are specified as applicable in the relevant Final Terms, the Terms and Conditions of the Notes do not provide for any event of default. In such case, in no event will Noteholders be able to accelerate the maturity of their Notes. Accordingly, in the event that any payment on the Notes is not made when due, the Noteholders will have claims only for amounts then due and payable on their Notes. However, if any judgment were issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer were liquidated for any other reason, then the Notes would become immediately due and payable.

The terms of the Notes contain very limited covenants

Except in respect of the Series of Senior Preferred Notes governed by the previous terms and conditions incorporated by reference in the Base Prospectus, there is no negative pledge in respect of the Notes and the Terms and Conditions of the Notes place no restrictions on the amount of debt that the Issuer may issue that ranks senior to the Senior Non-Preferred Notes or the Subordinated Notes, or on the amount of securities it may issue that rank *pari passu* with the Senior Preferred Notes, the Senior Non-Preferred Notes or the Subordinated Notes. The issue of any such debt or securities may reduce the amount recoverable by Noteholders upon liquidation of the Issuer. The Issuer is generally permitted to sell or otherwise dispose of any or substantially all of its assets to another corporation or other entity under the Terms and Conditions of the Notes. If the Issuer decides to dispose of a large amount of its assets, Noteholders will not be entitled to declare an acceleration of the maturity of the Notes, and those assets will no longer be available to support the Notes.

In addition, the Notes do not require the Issuer to comply with financial ratios or otherwise limit its ability or that of its subsidiaries to incur additional debt, nor do they limit the Issuer's ability to use cash to make investments or acquisitions, or the ability of the Issuer or its subsidiaries to pay dividends, repurchase shares or otherwise distribute cash to shareholders. Such actions could potentially affect the Issuer's ability to service its debt obligations, including those of the Notes.

No active Secondary/Trading Market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market. If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on Euronext Paris and/or any other regulated market in the European Economic Area, the Final Terms of the Notes will be filed with the *Autorité des marchés financiers* in France and/or with the competent authority of the regulated market of the European Economic Area where the Notes will be admitted to trading, there is no assurance that such filings will be accepted, that any particular Tranche of Notes will be so admitted or that an active secondary trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes. As a consequence, investors may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield. No investor should purchase Notes unless the investor understands and is able to bear the risk that certain Notes will not be readily sellable, that the value of Notes will fluctuate over time and that such fluctuations will be significant.

Risk of fluctuation in exchange rates

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction; and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro-economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes or the reference assets.

Any decline in the credit ratings of the Issuer or changes in rating methodologies may affect the market value of the Notes

One or more independent credit rating agencies may assign credit ratings of the Issuer with respect to the Notes. The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those on Notes. Consequently, actual or anticipated declines in the credit ratings of the Issuer may affect the market value of the Notes.

The credit ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. In addition, the credit rating agencies may change their methodologies for rating securities with features similar to the Notes in the future. This may include the relationship between ratings assigned to an issuer's senior securities and ratings assigned to securities with features similar to the Notes, sometimes called "notching". If the rating agencies were to change their practices for rating such securities in the future and/or the ratings of the Notes were to be subsequently lowered, revised, suspended or withdrawn, this may have a negative impact on the trading price of the Notes.

Market Value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, the volatility of an index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France, in the United Kingdom (including Brexit) or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.

An early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated

The Final Terms for a particular Tranche of Notes may provide for early redemption at the option of the Issuer, subject, (i) in the case of Subordinated Notes, to the provisions of Condition 6(m) (*Additional conditions to redemption and purchase of Subordinated Notes*) and (ii) in the case of Senior Notes, to such redemption being permitted by the Applicable MREL/TLAC Regulations and to the prior consent of the Relevant Regulator

and/or the Relevant Resolution Authority if required. In such case, the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes and may only be able to do so at a lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

For more details on the early redemption of Senior Notes and Subordinated Notes, see “The Senior Notes may be redeemed upon the occurrence of an MREL/TLAC Disqualification Event, a Withholding Tax Event or a Gross-Up Event” and “The Subordinated Notes may be redeemed upon the occurrence of a Special Event”.

The Issuer is not required to redeem the Notes in the case of a Gross-Up Event

There is uncertainty as to whether gross-up obligations in general, including those under the Terms and Conditions of the Notes, are enforceable under French law. If any payment obligations under the Notes, including the obligations to pay additional amounts under Condition 8(b), are held illegal or unenforceable under French law, the Issuer will have the right, but not the obligation, to redeem the Notes. Accordingly, if the Issuer does not redeem the Notes upon the occurrence of a Gross-Up Event as defined in the Terms and Conditions of the Notes, holders of such Notes may receive less than the full amount due, and the market value of such Notes will be adversely affected.

Limitation on gross-up obligation under the Notes

The obligation under Condition 8(b) of the Terms and Conditions of the Notes to pay additional amounts in the event of any withholding or deduction in respect of taxes on any payments under the terms of Notes applies only to payments of interest and not to payments of principal. As such, the Issuer would not be required to pay any additional amounts under the terms of the Notes to the extent any withholding or deduction applied to payments of principal. Accordingly, if any such withholding or deduction were to apply to any payments of principal under any Notes, Noteholders may receive less than the full amount of principal due under such Notes upon redemption, and the market value of such Notes may be adversely affected.

The terms of the Notes contain a waiver of set-off rights

The terms of the Notes provide that their holders waive any set-off rights to which they might otherwise be entitled to the extent such rights would otherwise impact the loss absorbing capacity of the Notes. As a result, holders of the Notes will not at any time be entitled to set-off the Issuer’s obligations under the Notes against obligations owed by them to the Issuer.

The value of Fixed Rate Notes may change

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

A holder of securities with a fixed interest rate that will be periodically reset during the term of the relevant securities, such as the Resettable Notes, is also exposed to the risk of fluctuating interest rate levels and uncertain interest income.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the notes provide for frequent interest payment dates, investors are exposed to reinvestment risk if market interest rates decline.

That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to also issue Fixed Rate Notes may affect the market value and the secondary market (if any) of the Floating Rate Notes (and vice versa).

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

Risks related to the conversion on Fixed to Floating Rate Notes

Fixed to Floating Rate Notes initially bear interest at a fixed rate; conversion from a fixed rate to a floating rate then takes place automatically if certain predetermined conditions are met. The conversion of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the Fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes.

Floating to Fixed Rate Notes may have a lower new fixed rate

Floating to Fixed Rate Notes initially bear interest at a floating rate; conversion from a floating rate to a fixed rate then takes place either automatically or at the option of the Issuer. The new fixed rate may be lower than the then prevailing rates on other Notes.

The market value of Notes issued at a substantial discount or premium may fluctuate more than on conventional interest-bearing securities

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Inflation Linked Notes

BPCE may issue Notes with principal or interest determined by reference to the rate of inflation in a country or in the European Monetary Union ("**Inflation Linked Notes**"), where interest amounts and/or principal are dependent upon the performance of an inflation index, which, will be one of (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "**CPI**"), as calculated and published monthly by the Institut National de la Statistique et des Etudes Economiques ("**INSEE**"), (ii) the harmonised index of consumer prices excluding tobacco, or the relevant successor index, measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat (the "**HICP**") or (iii) the United States non-seasonally adjusted consumer price index for all urban consumers as reported monthly by the Bureau of Labor Statistics of the U.S. Department of Labor ("**BLS**") and published on Bloomberg page "CPURNSA" or any successor source ("**US CPI**") (each an "**Inflation Index**" and together, the "**Inflation Indices**"). If the level of the relevant Inflation Index declines over a determination period such that the ratio of the levels of the Inflation Index on the determination dates at the beginning and end of such determination period is less than 1.00, where interest is calculated by reference to an Inflation Index, no interest will be payable for that period, or where principal is calculated by reference to an Inflation Index, the Notes will be redeemed at par. The nominal amount of Inflation Linked notes repaid early or at maturity may be indexed.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE, Eurostat or the BLS, as the case may be, and the INSEE, Eurostat or the BLS makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of any of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE, Eurostat or the BLS, as the case may be, without regard to the Issuer or the Notes. The INSEE, Eurostat or the BLS, as the case may be, is not responsible for or has not participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in the determination or calculation of the interest payable under such Notes.

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to the Inflation Indices (as defined herein). Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to any of the Inflation Indices that is or may be material in the context of Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).

Variable rate Notes

Notes with variable interest rates can be volatile investments. If they are structured to include caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

Reform and regulation of “benchmarks”

The EU Regulation on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the “**Benchmark Regulation**”) was published in the European official journal on 29 June 2016. Most of provisions of the Benchmark Regulation will apply from 1 January 2018 with the exception of provisions specified in Article 59 (mainly on critical benchmarks) that have applied since 30 June 2016.

The Benchmark Regulation applies to “contributors”, “administrators” and “users” of “benchmarks” in the EU, and will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of “benchmarks” (or, if non EU based, to be subject to equivalent requirements) and (ii) prevent certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised/registered (or, if non EU based, deemed equivalent or recognised or endorsed). The scope of the Benchmark Regulation is wide and, in addition to so-called “critical benchmark” indices, applies to many interest rate and foreign exchange rate indices, equity indices and other indices (including “proprietary” indices or strategies) where used to determine the amount payable under or the value or performance of certain financial instruments traded on a trading venue or via a systematic internaliser, financial contracts and investment funds.

The Benchmark Regulation could have a material impact on any Notes traded on a trading venue or via a “systematic internaliser” linked to a “benchmark” index, including in any of the following circumstances:

- an index which is a “benchmark” could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and

- the methodology or other terms of the “benchmark” could be changed in order to comply with the terms of the Benchmark Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level of the benchmark.

Either of the above could potentially lead to the Notes being de-listed, adjusted or otherwise impacted depending on the particular “benchmark” and the applicable terms of the Notes or have other adverse effects or unforeseen consequences.

More broadly, any of the international, national or other proposals for reform or the general increased regulatory scrutiny of “benchmarks” could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain “benchmarks”, trigger changes in the rules or methodologies used in certain “benchmarks” or lead to the disappearance of certain “benchmarks”. For example, on 27 July 2017, the UK Financial Conduct Authority announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the “**FCA Announcement**”). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. The potential elimination of the LIBOR benchmark or any other benchmark, or changes in the manner of administration of any benchmark, may require an adjustment to the terms and conditions, or result in other consequences, in respect of any Notes linked to such benchmark (including but not limited to Floating Rate Notes whose interest rates are linked to LIBOR) depending on the specific provisions of the relevant terms and conditions applicable to the Notes. Any such consequences could have a material adverse effect on the liquidity and value of and return on any such Notes.

Risks Relating to Renminbi-denominated Notes

Notes denominated in RMB (“**RMB Notes**”) may be issued under the Programme. RMB Notes contain particular risks for potential investors.

*Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the People’s Republic of China (“**PRC**”) which may adversely affect the liquidity of RMB Notes*

Renminbi is not freely convertible at present. The government of the PRC (the “**PRC Government**”) continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar, despite the significant reduction in control by it in recent years over routine foreign exchange transactions under current account items.

Remittance of Renminbi by foreign investors into the PRC for the purposes of capital account items, such as capital contributions, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing gradually.

Although Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund on 1 October 2016, there is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of Renminbi in the future, that any pilot schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's ability to source Renminbi outside the PRC to service RMB Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the People's Bank of China ("PBoC") has entered into agreements on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (the "RMB Clearing Banks"), including but not limited to Hong Kong, and are in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the "Settlement Agreements"), the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC. The Renminbi Clearing Banks only have access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the settlement arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the RMB Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its RMB Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in RMB Notes is subject to exchange rate risks

The value of the Renminbi against the U.S. dollar and other foreign currencies fluctuates and is affected by changes in the PRC, by international political and economic conditions and by many other factors. All payments of interest and principal will be made with respect to the RMB Notes in Renminbi. As a result, the value of these Renminbi payments in U.S. dollars or other foreign currencies may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. dollar or other foreign currencies, the value of investment in U.S. dollars or other applicable foreign currencies will decline. In August 2015, the PBoC changed the way it calculates the mid-point price of Renminbi against the US dollar, requiring the market-makers who submit for the PBoC's reference rates to consider the previous day's closing spot rate, foreign-exchange demand and supply as well as changes in major currency rates. This change, and other changes that may be implemented, may increase volatility in the value of the Renminbi against foreign currencies. In addition, there may be tax consequences for investors as a result of any foreign currency gains resulting from any investment in the RMB Notes.

Payments in respect of the RMB Notes will only be made to investors in the manner specified in such RMB Notes

All payments to investors in respect of the RMB Notes will be made solely by (i) when the RMB Notes are represented by a global certificate, transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing CMU rules and procedures, or (ii) when the RMB Notes are in definitive form, transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. The Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

Additional Risks relating to Senior Preferred Notes

The qualification of the Senior Preferred Notes as MREL/TLAC-Eligible Instruments is subject to uncertainty

The Senior Preferred Notes are intended to be MREL/TLAC-Eligible Instruments under the Applicable MREL/TLAC Regulations (each as defined in Condition 6(g) (*Redemption of Senior Notes upon the occurrence of an MREL/TLAC Disqualification Event*)). However, there is uncertainty regarding the final substance of the Applicable MREL/TLAC Regulations, and the Issuer cannot provide any assurance that the Senior Preferred Notes will be or remain MREL/TLAC-Eligible Instruments.

“MREL” refers to the “minimum requirement for own funds and eligible liabilities” for banking institutions under the BRRD, set in accordance with Article 45 of the BRRD (as transposed in Article L.613-44 of the French *Code monétaire et financier*) and Commission Delegated Regulation (EU) 2016/1450 of 23 May 2016, or any successor requirement. The purpose of MREL is to ensure that the bail-in powers given to resolution authorities will be effective if they are ever needed by ensuring that institutions maintain a minimum level of own funds and eligible liabilities to which such bail-in powers can be applied.

“TLAC” refers to “total loss-absorbing capacity,” a concept under which global systemically important banks (“G-SIBs”), are expected to be required to maintain a minimum amount of TLAC-eligible instruments that rank junior to certain priority liabilities (including deposits and derivatives). The purpose of the TLAC concept is to increase the chances that a G-SIB’s operations can continue after it enters into resolution, in order to minimize any impact on financial stability and the risk of the G-SIB requiring extraordinary public support, ensure the continuity of critical functions and avoid exposing taxpayers to loss. The TLAC requirements are stated to apply from 1 January 2019. The Issuer is not considered as a G-SIB, however, the requirement for an institution to have a capacity to absorb losses can be applied in addition to, or instead of the minimum capital requirements and eligible liabilities committed to under the BRRD.

There currently are no European laws or regulations implementing the TLAC concept, which is set forth in a term sheet published by the Financial Stability Board on 9 November 2015 (the “FSB TLAC Term Sheet”). The European Commission has recently proposed directives and regulations intended to give effect to the FSB TLAC Term Sheet and to modify the requirements for MREL eligibility. While the Issuer believes that the terms and conditions of the Senior Preferred Notes are consistent with the European Commission’s proposals, these proposals have not yet been interpreted and when finally adopted the final Applicable MREL/TLAC Regulations may be different from those set forth in these proposals.

Because of the uncertainty surrounding the substance of the final regulations implementing the TLAC requirements and any potential changes to the regulations giving effect to MREL, the Issuer cannot provide any assurance that the Senior Preferred Notes will ultimately be MREL/TLAC-Eligible Instruments. If they are not MREL/TLAC-Eligible Instruments (or if they initially are MREL/TLAC-Eligible Instruments and subsequently become ineligible due to a change in Applicable MREL/TLAC Regulations), then an MREL/TLAC Disqualification Event will occur, with the consequences indicated below.

The Senior Preferred Notes may be redeemed upon the occurrence of an MREL/TLAC Disqualification Event, a Withholding Tax Event or a Gross-Up Event

Subject as provided herein, in particular to the provisions of Condition 6(g) (*Redemption of Senior Notes upon the occurrence of an MREL/TLAC Disqualification Event*), Condition 6(i)(i) (*Redemption of Notes upon the occurrence of a Withholding Tax Event*) and Condition 6(i)(ii) (*Redemption of Notes upon the occurrence of a Gross-Up Event*), the Issuer may, at its option (subject to such redemption being permitted by the Applicable MREL/TLAC Regulations and to the prior consent of the Relevant Regulator and/or the Relevant Resolution Authority if required), redeem all, but not some only, of the Senior Preferred Notes at any time at their principal

amount, together with accrued and unpaid interest, upon or following the occurrence of an MREL/TLAC Disqualification Event (only if MREL/TLAC Disqualification Event Call Option is specified as applicable in the relevant Final Terms), a Withholding Tax Event or a Gross-Up Event.

An optional redemption feature may limit the market value of the Senior Preferred Notes. During any period when the Issuer may elect to redeem the Senior Preferred Notes, the market value of the Senior Preferred Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period if the market believes that the Senior Preferred Notes may become eligible for redemption in the near term.

If the Issuer redeems the Senior Preferred Notes in any of the circumstances mentioned above, there is a risk that the Senior Preferred Notes may be redeemed at times when the redemption proceeds are less than the current market value of the Senior Preferred Notes or when prevailing interest rates may be relatively low, in which latter case Noteholders may only be able to reinvest the redemption proceeds in securities with a lower yield. Potential investors should consider reinvestment risk in light of other investments available at that time.

Additional Risks relating to Senior Non-Preferred Notes

The Senior Non-Preferred Notes are complex instruments that may not be suitable for certain investors.

Senior Non-Preferred Notes are novel and complex financial instruments and may not be a suitable investment for certain investors. Each potential investor in the Senior Non-Preferred Notes should determine the suitability of such investment in light of its own circumstances and have sufficient financial resources and liquidity to bear the risks of an investment in the Senior Non-Preferred Notes, including the possibility that the entire principal amount of the Senior Non-Preferred Notes could be lost. A potential investor should not invest in the Senior Non-Preferred Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Senior Non-Preferred Notes will perform under changing conditions, the resulting effects on the market value of the Senior Non-Preferred Notes, and the impact of this investment on the potential investor's overall investment portfolio.

The Senior Non-Preferred Notes are senior non-preferred obligations and are junior to certain obligations

The Issuer's obligations under the Senior Non-Preferred Notes constitute senior non-preferred obligations within the meaning of Article L613-30-3-I-4° of the French *Code monétaire et financier* (the "**Senior Non-Preferred Law**"). While the Notes by their terms are expressed to be direct, unconditional, senior (*chirographaires*) and unsecured obligations of the Issuer, they nonetheless rank junior in priority of payment to senior preferred obligations of the Issuer in the case of judicial liquidation (*liquidation judiciaire*). The Issuer's senior preferred obligations include all of its deposit obligations, its obligations in respect of derivatives and other financial contracts, its unsubordinated debt securities (including the Senior Notes) outstanding as of the date of entry into force of the Senior Non-Preferred Law on 11 December 2016 and all unsubordinated or senior debt securities issued thereafter that are not expressed to be senior non-preferred obligations within the meaning of Article L.613-30-3-I-4° of the French *Code monétaire et financier* (including the Senior Preferred Notes).

There is no restriction on the incurrence by the Issuer of additional senior preferred obligations. As a consequence, if the Issuer enters into judicial liquidation proceedings (*liquidation judiciaire*), it will be required to pay substantial amounts of senior preferred obligations before any payment is made in respect of the Senior Non-Preferred Notes.

In addition, if the Issuer enters into resolution, its eligible liabilities (including the Senior Non-Preferred Notes) will be subject to bail-in, meaning potential write-down or conversion into equity securities or other instruments, in the order of priority that would apply in judicial liquidation proceedings (*liquidation judiciaire*). Because senior non-preferred obligations such as the Senior Non-Preferred Notes rank junior to senior preferred

obligations, the Senior Non-Preferred Notes would be written down or converted in full before any of the Issuer's senior preferred obligations were written down or converted. See "*The Notes may be subject to mandatory write-down or conversion to equity if the Issuer becomes subject to a resolution procedure.*"

As a consequence, holders of Senior Non-Preferred Notes bear significantly more risk than holders of senior preferred obligations, and could lose all or a significant part of their investments if the Issuer were to enter into resolution or judicial liquidation proceedings (*liquidation judiciaire*).

Senior non-preferred securities are new types of instrument for which there is a limited trading history

Prior to the entry into force of the Senior Non-Preferred Law on 11 December 2016, French issuers were not able to issue securities with a senior non-preferred ranking. Accordingly, there is a limited trading history for securities of French banks with this ranking. Market participants, including credit rating agencies, are in the initial stages of evaluating the risks associated with senior non-preferred obligations. The credit ratings assigned to senior non-preferred securities such as the Senior Non-Preferred Notes may change as the rating agencies refine their approaches, and the value of such securities may be particularly volatile as the market becomes more familiar with them. It is possible that, over time, the credit ratings and value of senior non-preferred securities such as the Senior Non-Preferred Notes will be lower than those expected by investors at the time of issuance of the Senior Non-Preferred Notes. If so, investors may incur losses in respect of their investments in the Senior Non-Preferred Notes.

The qualification of the Senior Non-Preferred Notes as MREL/TLAC-Eligible Instruments is subject to uncertainty

The Senior Non-Preferred Notes are intended to be MREL/TLAC-Eligible Instruments under the Applicable MREL/TLAC Regulations (each as defined in Condition 6(g) (*Redemption of Senior Notes upon the occurrence of an MREL/TLAC Disqualification Event*)). However, there is uncertainty regarding the final substance of the Applicable MREL/TLAC Regulations, and the Issuer cannot provide any assurance that the Senior Non-Preferred Notes will be or remain MREL/TLAC-Eligible Instruments.

There currently are no European laws or regulations implementing the TLAC concept, which is set forth in the FSB TLAC Term Sheet. The European Commission has recently proposed directives and regulations intended to give effect to the FSB TLAC Term Sheet and to modify the requirements for MREL eligibility. While the Issuer believes that the terms and conditions of the Senior Non-Preferred Notes are consistent with the European Commission's proposals, these proposals have not yet been interpreted and when finally adopted the final Applicable MREL/TLAC Regulations may be different from those set forth in these proposals.

Because of the uncertainty surrounding the substance of the final regulations implementing the TLAC requirements and any potential changes to the regulations giving effect to MREL, the Issuer cannot provide any assurance that the Senior Non-Preferred Notes will ultimately be MREL/TLAC-Eligible Instruments. If they are not MREL/TLAC-Eligible Instruments (or if they initially are MREL/TLAC-Eligible Instruments and subsequently become ineligible due to a change in Applicable MREL/TLAC Regulations), then an MREL/TLAC Disqualification Event will occur, with the consequences indicated below.

The Senior Non-Preferred Notes may be redeemed upon the occurrence of an MREL/TLAC Disqualification Event, a Withholding Tax Event or a Gross-Up Event

Subject as provided herein, in particular to the provisions of Condition 6(g) (*Redemption of Senior Notes upon the occurrence of an MREL/TLAC Disqualification Event*), Condition 6(i)(i) (*Redemption of Notes upon the occurrence of a Withholding Tax Event*) and Condition 6(i)(ii) (*Redemption of Notes upon the occurrence of a Gross-Up Event*), the Issuer may, at its option (subject to such redemption being permitted by the Applicable MREL/TLAC Regulations and to the prior consent of the Relevant Regulator and/or the Relevant Resolution Authority if required), redeem all, but not some only, of the Senior Non-Preferred Notes at any time at their

principal amount, together with accrued and unpaid interest, upon or following the occurrence of an MREL/TLAC Disqualification Event (only if MREL/TLAC Disqualification Event Call Option is specified as applicable in the relevant Final Terms), a Withholding Tax Event or a Gross-Up Event.

An optional redemption feature may limit the market value of the Senior Non-Preferred Notes. During any period when the Issuer may elect to redeem the Senior Non-Preferred Notes, the market value of the Senior Non-Preferred Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period if the market believes that the Senior Non-Preferred Notes may become eligible for redemption in the near term.

If the Issuer redeems the Senior Non-Preferred Notes in any of the circumstances mentioned above, there is a risk that the Senior Non-Preferred Notes may be redeemed at times when the redemption proceeds are less than the current market value of the Senior Non-Preferred Notes or when prevailing interest rates may be relatively low, in which latter case Noteholders may only be able to reinvest the redemption proceeds in securities with a lower yield. Potential investors should consider reinvestment risk in light of other investments available at that time.

The Senior Non-Preferred Notes may be undated securities with no specified maturity date

The Senior Non-Preferred Notes may be undated securities with no fixed redemption or maturity date. The Issuer is under no obligation to redeem the Undated Senior Non-Preferred Notes at any time. The Noteholders will have no right to require the redemption of the Undated Senior Non-Preferred Notes except if a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason.

Additional Risks relating to Subordinated Notes

Subordinated Notes are complex instruments that may not be suitable for certain investors

Subordinated Notes are complex financial instruments and may not be a suitable investment for all investors. Each potential investor in the Subordinated Notes should determine the suitability of such investment in light of its own circumstances and have sufficient financial resources and liquidity to bear the risks of an investment in the Subordinated Notes, including the possibility that the entire principal amount of the Subordinated Notes could be lost. A potential investor should not invest in the Subordinated Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Subordinated Notes will perform under changing conditions, the resulting effects on the market value of the Subordinated Notes, and the impact of this investment on the potential investor's overall investment portfolio.

The Subordinated Notes are subordinated obligations and are junior to certain obligations

The Issuer's obligations under the Subordinated Notes are unsecured and subordinated and will rank junior to unsubordinated creditors (including depositors) of the Issuer, and creditors in respect of all other obligations expressed to rank senior to the Subordinated Notes (including the Senior Preferred Notes and the Senior Non-Preferred Notes), as more fully described in the Terms and Conditions of the Notes.

If any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of the Subordinated Notes will be subordinated to the payment in full of unsubordinated creditors (including depositors) and any other creditors that are senior to the holders of the Subordinated Notes. In the event of incomplete payment of unsubordinated creditors and any other creditors that are senior to the holders of Subordinated Notes upon the liquidation of the Issuer, the obligations of the Issuer in connection with the Subordinated Notes will be terminated by operation of law.

Although the Subordinated Notes may pay a higher rate of interest than comparable notes which are not subordinated, there is a substantial risk that investors in subordinated notes such as the Subordinated Notes will lose all or some of their investment should the Issuer become insolvent.

The Subordinated Notes may be redeemed upon the occurrence of a Special Event

Subject as provided herein, in particular to the provisions of Condition 6(h) (*Redemption of Subordinated Notes upon the occurrence of a Capital Event*), Condition 6(i)(i) (*Redemption of Notes upon the occurrence of a Withholding Tax Event*), Condition 6(i)(ii) (*Redemption of Notes upon the occurrence of a Gross-Up Event*), Condition 6(i)(iii) (*Redemption of Subordinated Notes upon the occurrence of a Tax Deductibility Event*) and Condition 6(m) (*Additional conditions to redemption and purchase of Subordinated Notes*) of the Terms and Conditions of the Notes, the Issuer may, at its option (subject to approval by the Relevant Regulator), redeem all, but not some only, of the Subordinated Notes at any time at their principal amount, together with accrued and unpaid interest, upon the occurrence of a Special Event.

An optional redemption feature may limit the market value of the Subordinated Notes. During any period when the Issuer may elect to redeem the Subordinated Notes, the market value of the Subordinated Notes generally will not rise substantially above the price at which they can be redeemed. In addition, Holders will not receive a make-whole amount or any other compensation in the case of an early redemption of the Subordinated Notes.

If the Issuer redeems the Subordinated Notes in any of the circumstances mentioned above, there is a risk that the Subordinated Notes may be redeemed at times when the redemption proceeds are less than the current market value of the Subordinated Notes or when prevailing interest rates may be relatively low, in which latter case Noteholders may only be able to reinvest the redemption proceeds in securities with a lower yield. Potential investors should consider reinvestment risk in light of other investments available at that time.

The Subordinated Notes may be undated securities with no specified maturity date

The Subordinated Notes may be undated securities with no fixed redemption or maturity date. The Issuer is under no obligation to redeem the Undated Subordinated Notes at any time. The Noteholders will have no right to require the redemption of the Undated Subordinated Notes except if a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason.

Groupe BPCE launches its 2018-2020 strategic plan: TEC 2020 – Digital Transformation - Engagement - Growth

Paris, November 29, 2017

Groupe BPCE announces the launch of its “TEC 2020” strategic plan for the 2018-2020 period. The plan focuses on a combination of DIGITAL TRANSFORMATION in order to seize opportunities created by the ongoing technological revolution, ENGAGEMENT toward our customers, employees and cooperative shareholders, and GROWTH in all of our core businesses.

Objectives attained with the “Another Way to Grow” plan

The successful execution of “Another Way to Grow” over the 2014-2017 period enabled **Groupe BPCE to strengthen its retail banking business**, as witnessed by a sizeable 730,000 increase in the number of principal active banking customers and a rise in the percentage of the Group’s clients equipped with products. As of today, 28% of customers are equipped with non-life insurance policies (4 points higher than at end-2013), while €780m of additional synergies were generated between Natixis and the Banque Populaire and Caisse d’Epargne networks during the course of the plan.

During the same period, the Group initiated its digital transformation, to the extent that 83% of solutions can now be subscribed for electronically, almost 80% of customers are subscribed to online banking, and the 89C3 digital factory is fully up and running.

Reflecting the strategic ambitions of “Another Way to Grow”, Groupe BPCE became **a major player in the investment solutions market**, with close to 6% average annual growth in customer assets in private banking and a €65bn increase in net inflow in the asset management business over 2014-2017. Groupe BPCE also became **a fully-fledged bancassuranceur**, thanks to the creation of a single insurance platform and the decision to bring life insurance and property & casualty insurance activities back in-house.

During the 2014-2017 period, the Group also **continued to expand Natixis internationally**, such that the latter now earns 48% of its core-business net revenues internationally.

The Group also worked successfully on **numerous structural projects**. Some of the most emblematic involved launching seven mergers among 20 Group establishments (four of these mergers have already been completed), pooling IT production within BPCE-IT and setting up a payments business line within Natixis. All of these projects contributed to collective efficiency gains amounting to €863m between end-2013 and end-September 2017, with a target of €900m for end-2017.

At the same time, Groupe BPCE improved its **financial solidity** and posted a CET1 ratio of 15%¹ at September 30, 2017, one of the highest levels in Europe. This performance was recognized by Moody’s and Standard & Poor’s, both of whom raised their rating outlook on the Group from stable to positive.

The Group also invested in its **human talent** during the period, by fostering parity between its managers, developing dialogue with personnel and facilitating mobility within the Group. And in an internal survey of 80,000 staff, 78% said they were proud of and attached to the Group’s values (+4 points relative to 2014).

¹ CRR/CRD IV without transitional measures (except for deferred tax assets on tax loss carryforwards)

For François Pérol, Chairman of the Groupe BPCE Management Board: *“The digital revolution is the big issue for banks over the coming years and this is duly reflected in the name of our new strategic plan, TEC2020. This plan comprises new engagements toward our clients – to whom we intend to bring more expertise, value-added solutions and satisfaction –, toward our employees – so as to support them in the transformation of their jobs, to equip them with better tools and with the goal of attracting even more talent –, and toward our cooperative shareholders – because a bank that belongs to its clients needs to serve the society in which it operates. In order to respect these engagements, succeed with the Group’s digital transformation and meet the ambitious growth targets set for each of our business lines, we will be amplifying our investments in people and technology. And throughout the plan, we will be staying true to the choices that accompanied the creation of our Group back in 2009: all our resources are employed to serve our clients in our banking and insurance businesses; we maintain a moderate appetite for risk; our Group’s various companies work together; we exercise the strictest financial discipline; our governance is cooperative and decentralized.”*

TEC 2020: Digital Transformation – Engagement – Growth

➤ **Accelerate our digital transformation**

The Group’s **digital transformation** is set to accelerate on the back of the organization introduced in early 2017 around the digital taskforce and underpinned by five multi-brand platforms developed by the 89C3 factory. The objective is to lift the Group’s digital net promoter score (NPS) into line with the levels commanded by pure players, with 90% of active clients using the Group’s digital spaces and 10% of subscriptions being made via digital channels on completion of the plan in 2020.

To achieve these ends, we are going to:

- develop common interfaces for all of our brands, so as to ensure our clients enjoy an experience that matches the best standards,
- invest massively in exploiting data, in order to customize solutions, measure certain risks more precisely, enhance CRM and build artificial intelligence tools,
- make our IT more agile by taking advantage of cloud resources
- continue to optimize our operational model via shared platforms (credit management, Group middle offices, etc.), management by business line, and digitalization and robotization of processes.

Digital transformation investments are to be raised to €600m a year (2020 target).

➤ **Strong engagements toward our clients, staff and cooperative shareholders**

Groupe BPCE makes an engagement to clients by pledging to provide them with more expertise and more solutions:

- In retail banking: by focusing sales forces on advisory, thanks to greater digitalization of processes, increasing the number of specialist advisors by over 50%, introducing broader and global solutions in order to respond to customers’ new expectations and uses, and keeping a continuous watch on customer satisfaction,
- In asset management: by delivering customized and innovative solutions and active investment strategies,
- In corporate & investment banking: by leveraging our globally recognized expertise in four sectors (energy & commodities, infrastructure, aviation, real estate & hospitality), in order to broaden our relations with clients beyond financing.

Groupe BPCE makes an engagement to staff by pledging to make them active players in the Group's transformation process:

- by enhancing their employability through ambitious investments in training (10 million hours of training) and facilitating mobility within the Group via a dedicated portal,
- by equipping them with digital tools (100% of staff equipped on completion of the plan),
- by reinforcing the Group's employer image, so as to attract and retain new talent (recruitment of 800 key-skilled staff in the IT and digital field).

Groupe BPCE makes an engagement to its cooperative shareholders by pledging to reinforce the Group's cooperative roots:

- the bank for everyone (access for fragile customers, such as disabled or protected persons, micro-credit, etc.),
- the bank that serves local needs (contribution of Group companies to local business and social ecosystems),
- by doing business responsibly (introduction of a code of ethics, prevention of over-indebtedness),
- by assigning priority to green growth and establishing targets out to 2020 that involve granting over €10bn of financing for energy transition, attracting €25bn of net inflow into responsible investment solutions and making two annual green bond issues.

➤ ***Ambitious growth objectives in all business lines***

Despite persistently low interest rates, the sizeable sums to be invested in Groupe BPCE's transformation are mirrored in **strong growth ambitions for all the Group's business lines**:

- Banques Populaires: focus growth on selected client categories (by 2020: +200,000 new principal active customers, +40,000 active professional clients, +5,500 corporate and institutional clients),
- Caisses d'Epargne: tailor commercial organization and approaches to customer profiles (by 2020: +430,000 new principal active customers, of which +120,000 customers with high net-worth potential, +30,000 active professional clients, +4,000 corporate and institutional clients),
- Crédit Foncier: further integrate its activities into the Group,
- Banque Palatine: provide an offering of high-end services focusing on dual banking relationships,
- Fidor: create a benchmark European banking community, targeting growth primarily in Germany, the UK and France in the banking business, and across Europe for marketplace solutions and as a provider of B2B solutions,
- Specialized financial services: become a payments pure player, digitalize all business lines, and increase synergies between Natixis and the two networks, all with the objective of growing revenues by 6% p.a.,
- Insurance: become one of the top five French life and personal protection insurers by 2020, with the target of increasing revenues by 7% p.a.,
- Asset management: reinforce our position in Europe, develop our distribution network in Asia-Pacific, expand the range of alternative products, and increase distribution by the Banques Populaires and Caisses d'Epargne networks, all with the target of lifting revenues by 6% p.a.,
- Corporate & investment banking: become a reference on four key sectors, continue international development, strengthen the originate-to-distribute model and improve positioning with insurers and investment funds, all with the target of lifting revenues by 3% p.a.

This growth will be achieved while strictly respecting the Group's financial fundamentals, i.e. managing the CET1 ratio to ensure it remains above 15.5% and keeping the cost of risk on outstandings between 20 and 30bps. By year-end 2020, Groupe BPCE is targeting net revenues in excess of €25bn.

To reach these targets, the Group can rely on further revenue synergies between Natixis and the Banque Populaire and Caisse d'Épargne networks (over €750m) and a cost-cutting program set to unlock €1bn of savings on a full-year basis by 2020.

BASE PROSPECTUS SUPPLEMENT

If at any time the Issuer shall be required to prepare a supplement to its Base Prospectus (each a “**Base Prospectus Supplement**”) pursuant to the provisions of Article 16 of the Prospectus Directive and any legislation in any Member State of the European Economic Area that implements the Prospectus Directive and subordinates legislation thereto, the Issuer will prepare and make available an appropriate Base Prospectus Supplement or a restated Base Prospectus, which in respect of any subsequent issue of Notes to be listed and admitted to trading on Euronext Paris or on a Regulated Market of a Member State of the European Economic Area, shall constitute a Base Prospectus Supplement for the purpose of the relevant provisions of the Prospectus Directive.

In accordance with and pursuant to Article 16.2 of the Prospectus Directive, where the Notes are offered to the public, investors who have already agreed to purchase or subscribe for Notes before any supplement is published have the right, exercisable within two working days after the publication of this supplement, to withdraw their acceptances provided that the new factor, mistake or inaccuracy referred to in Article 16.1 of the Prospectus Directive arose before the final closing of the offer to the public and the delivery of the Notes. That period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The final date of the right of withdrawal shall be stated in the supplement.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the relevant provisions of Part A of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant provisions of the Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Bearer Notes. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by BPCE (the “**Issuer**” or “**BPCE**”). An amended and restated agency agreement dated 1 December 2017 has been entered into between the Issuer, BNP Paribas Securities Services, as fiscal agent, principal paying agent, paying agent, redenomination agent, consolidation agent and calculation agent (the “**Agency Agreement**”). The fiscal agent, the principal paying agent, the paying agents, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent and the principal paying agent), the “**Redenomination Agent**”, the “**Consolidation Agent**” and the “**Calculation Agent(s)**”. The holders of Dematerialised Notes and Materialised Notes, the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, talons (the “**Talons**”) for further Coupons (the “**Couponholders**”) and the holders of the receipts (the “**Receipts**”) for the payment of instalments of principal (the “**Receiptholders**”) relating to Materialised Notes of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

For the purpose of these Terms and Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area (“**EEA**”) as defined in the Markets in Financial Instruments Directive 2004/39/EC, as amended.

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below.

In these Conditions, references to “**day**” or “**days**” are to calendar days unless the context otherwise specifies.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms.

Unless otherwise provided in the relevant Final Terms, Notes shall constitute *obligations* within the meaning of Article L.213-5 of the French *Code monétaire et financier* (the “**Code**”).

Copies of the Agency Agreement are available for inspection during normal business hours at the specified offices of each of the Paying Agents.

1 Form, Denomination(s), Title, Redenomination and Method of Issue

- (a) **Form:** Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).
 - (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the Code by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the Code) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, in either bearer form (*au porteur*), which will be inscribed in the books of Euroclear France (acting as central depository) (“**Euroclear France**”) which shall credit the accounts of Account Holders, or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder designated by the relevant Noteholder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the “**Registration Agent**”).

For the purpose of these Conditions, “**Account Holder**” means any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV (“**Euroclear**”) and the depository bank for Clearstream Banking, S.A. (“**Clearstream**”).

- (ii) Materialised Notes are issued in bearer form only (“**Materialised Bearer Notes**”). Materialised Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

In accordance with Articles L.211-3 and R.211-1 of the Code, securities (such as the Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

(b) **Denomination(s):**

Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the “**Specified Denomination(s)**”) save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under the Prospectus Directive will be at least such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency. Dematerialised Notes shall be issued in one Specified Denomination only.

(c) **Title:**

- (i) Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.
- (ii) Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons, Receipt(s) and/or a Talon attached thereto on issue (“**Definitive Materialised Bearer Notes**”), shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

- (iv) In these Conditions, “**holder of Notes**”, “**holder of any Note**” or “**Noteholder**” means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Receipts, Coupons, or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) **Redenomination:**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 16 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”) or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 16. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14(b), without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 14(b) (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 16 as soon as practicable thereafter.

- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.
- (e) **Method of Issue:** The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a “**Series**”) having one or more issue dates (each an “**Issue Date**”) and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “**Tranche**”) on the same or different Issue Dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental terms and conditions and, save in respect of the Issue Date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant final terms to this Base Prospectus (the “**Final Terms**”).

2 Conversion and Exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer form (*au porteur*) may not be converted into Dematerialised Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered form (*au nominatif*) may not be converted into Dematerialised Notes in bearer form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the Code. Any such conversion shall be effected at the cost of such Noteholder.

(b) Materialised Notes

Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

3 Status

The Notes may be either senior Notes (“**Senior Notes**”) or subordinated Notes (“**Subordinated Notes**”) and the Senior Notes may be either senior preferred Notes (“**Senior Preferred Notes**”) or senior non-preferred Notes (“**Senior Non-Preferred Notes**”), in each case as specified in the relevant Final Terms.

(a) Senior Preferred Notes

Principal and interest on Senior Preferred Notes (being those Notes which the applicable Final Terms specify as to be Senior Preferred Notes) and, where applicable, any related Receipts and Coupons, constitute direct, unconditional, senior (*chirographaires*) and unsecured obligations of the Issuer and rank and will rank at all times:

- (i) *pari passu* among themselves and with other Senior Preferred Obligations of the Issuer;
- (ii) senior to Senior Non-Preferred Obligations of the Issuer and any obligations ranking junior to Senior Non-Preferred Obligations; and

(iii) junior to all present and future claims benefiting from statutory preferences.

Subject to applicable law, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the Noteholders will have a right to payment under the Senior Preferred Notes:

- (i) only after, and subject to, payment in full of holders of present and future claims benefiting from statutory preferences or otherwise ranking in priority to Senior Preferred Obligations; and
- (ii) subject to such payment in full, in priority to holders of Senior Non-Preferred Obligations and other present and future claims otherwise ranking junior to Senior Preferred Obligations.

If permitted by the Applicable MREL/TLAC Regulations, the Issuer may treat the Senior Preferred Notes, for regulatory purposes, as MREL/TLAC Eligible Instruments under the Applicable MREL/TLAC Regulations (as such terms are defined in Condition 6(g)), but that the obligations of the Issuer and the rights of the Noteholders under the Senior Preferred Notes shall not be affected if the Senior Preferred Notes no longer qualify as MREL/TLAC Eligible Instruments. However, in such circumstances, the Issuer may redeem the Senior Preferred Notes in accordance with Condition 6(g).

“**Senior Non-Preferred Obligations**” means any obligations or other instruments issued by the Issuer which fall or are expressed to fall within the category of obligations described in Article L.613-30-3-I-4° of the Code.

“**Senior Preferred Obligations**” means any obligations or other instruments issued by the Issuer which fall or are expressed to fall within the category of obligations described in Article L.613-30-3-I-3° of the Code. For the avoidance of doubt, all unsubordinated debt securities issued by the Issuer prior to 11 December 2016 constitute Senior Preferred Obligations.

(b) **Senior Non-Preferred Notes**

Senior Non-Preferred Notes (being those Notes which the applicable Final Terms specify as to be Senior Non-Preferred Notes) are issued pursuant to the provisions of Article L.613-30-3-I-4° of the Code.

Principal and interest on Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons, are Senior Non-Preferred Obligations and constitute direct, unconditional, senior (*chirographaires*) and unsecured obligations of the Issuer and rank and will rank at all times:

- (i) *pari passu* among themselves and with other Senior Non-Preferred Obligations of the Issuer;
- (ii) senior to Ordinarily Subordinated Obligations of the Issuer; and
- (iii) junior to Senior Preferred Obligations of the Issuer and all present and future claims benefiting from statutory preferences.

“**Ordinarily Subordinated Obligations**” means any subordinated obligations or other instruments issued by the Issuer which constitute direct, unconditional, unsecured and subordinated obligations of the Issuer but rank in priority to *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and deeply subordinated obligations of the Issuer (*engagements dits “super subordonnés”* or *engagements subordonnés de dernier rang*).

Subject to applicable law, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, the Noteholders will have a right to payment under the Senior Non-Preferred Notes:

- (i) only after, and subject to, payment in full of holders of Senior Preferred Obligations and other present and future claims benefiting from statutory preferences or otherwise ranking in priority to Senior Non-Preferred Obligations; and
- (ii) subject to such payment in full, in priority to holders of Ordinarily Subordinated Obligations of the Issuer and other present and future claims otherwise ranking junior to Senior Non-Preferred Obligations.

The Senior Non-Preferred Notes may have no fixed maturity (“**Undated Senior Non-Preferred Notes**”).

It is the intention of the Issuer that the Senior Non-Preferred Notes shall be treated, for regulatory purposes, as MREL/TLAC Eligible Instruments under the Applicable MREL/TLAC Regulations (as such terms are defined in Condition 6(g)), but that the obligations of the Issuer and the rights of the Noteholders under the Senior Non-Preferred Notes shall not be affected if the Senior Non-Preferred Notes no longer qualify as MREL/TLAC Eligible Instruments. However, in such circumstances, the Issuer may redeem the Senior Non-Preferred Notes in accordance with Condition 6(g).

(c) **Subordinated Notes**

Subordinated Notes (being those Notes which the applicable Final Terms specify as to be Subordinated Notes) are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*.

Principal and interest on the Subordinated Notes, and, where applicable, any related Receipts and Coupons, constitute direct, unconditional, unsecured and subordinated obligations of the Issuer ranking:

- (i) junior to all Senior Obligations;
- (ii) *pari passu* without any preference among themselves;
- (iii) *pari passu* with any Ordinarily Subordinated Obligations of the Issuer; and
- (iv) senior to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and deeply subordinated obligations of the Issuer (*engagements dits “super subordonnés”* or *engagements subordonnés de dernier rang*).

“**Senior Obligations**” means all unsecured and unsubordinated obligations of the Issuer, and all other obligations expressed to rank senior to the Subordinated Notes, as provided by their terms or by law.

It is the intention of the Issuer that the Subordinated Notes shall, for regulatory purposes, be treated as Tier 2 Capital, but that the obligations of the Issuer and the rights of the Noteholders under the Subordinated Notes shall not be affected if the Subordinated Notes no longer qualify as Tier 2 Capital. However, the Issuer may redeem the Subordinated Notes in accordance with Condition 6(h).

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (A), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Determination Date** (*Date de Détermination du Taux Variable*)” and “**Transaction**” have the meanings given to those terms in the FBF Definitions, provided that “**Euribor**” means the rate calculated for deposits in Euro which appears on the Reuters screen page EURIBOR01.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (B), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period or such other date as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate Determination for Floating Rate Notes

(a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either (i) 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) or (ii) if otherwise, the Relevant Screen Page Time on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, (i) if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks, (ii) if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks or (iii) if otherwise, each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (c) If paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if otherwise, the relevant inter-bank market as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen

Page Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market, if the Reference Rate is EURIBOR, the Euro zone inter-bank market or, if otherwise, the relevant inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (d) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being the EUR CMS, the Rate of Interest for each Interest Period will, subject as provided below, be the offered quotation (expressed as a percentage rate *per annum*) for EUR CMS relating to the relevant maturity (the relevant maturity year mid swap rate in EUR (annual 30/360)), which appears on the Relevant Screen Page, being Reuters page “ISDAFIX2” under the heading “EURIBOR Basis - EUR”, as at 11.00 a.m. Frankfurt time, on the relevant Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

In the event that the EUR CMS does not appear on the Relevant Screen Page, the Calculation Agent shall determine on the relevant Interest Determination Date the applicable rate based on quotations of five Reference Banks (to be selected by the Calculation Agent and the Issuer) for EUR CMS relating to the relevant maturity (in each case the relevant mid-market annual swap rate commencing two TARGET2 Business Days following the relevant Interest Determination Date). The highest and lowest (or, in the event of equality, one of the highest and/or lowest) quotations so determined shall be disregarded by the Calculation Agent for the purpose of determining the Reference Rate which will be the arithmetic mean (rounded if necessary to five significant figures with halves being rounded up) of such provided quotations.

If, for any reason, the EUR CMS is no longer published or if fewer than three quotations are provided to the Calculation Agent in accordance with the above paragraph, it will be determined by the Calculation Agent in its sole discretion, acting in good faith and in a commercial and reasonable manner.

(iv) *Rate of Interest for Inflation Linked Notes:*

1. Consumer Price Index (CPI)

Where the consumer price index excluding tobacco for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “INSEE”) (“CPI”) is specified as the Index in the relevant Final Terms,

this Condition 5(c)(iv)(1) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(1) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the “**CPI Linked Interest**”) will be determined by the Calculation Agent on the following basis:

- (A) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(1), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 5(g)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

“**ND_M**”: number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**CPI Monthly Reference Index_{M-2}**”: price index of month M - 2;

“**CPI Monthly Reference Index_{M-3}**”: price index of month M - 3.

Notwithstanding Condition 5(g)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“**CPI Monthly Reference Index**” refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and

published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (B) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its December 2010 Paper entitled “Inflation Indexed Notes” (*Obligations et autres instruments de taux d’intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l’inflation*). In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

- (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading “*indice de substitution*”. Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

(y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \times \frac{1}{12}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily

Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\begin{array}{ccccc} \text{CPI Monthly} & \text{Date D} & = & \text{CPI Monthly} & \text{Date D} \\ \text{Reference} & \text{New} & & \text{Reference Index} & \text{Previous} & \text{X} \\ \text{Index} & \text{Basis} & & & \text{Basis} & \text{Key} \end{array}$$

2. Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(2) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(2) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the following basis:

- (A) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(2), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 5(g)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{X_{M-3}^+} = \frac{D-1}{ND_M} X (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

“**ND_M**” number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**”: price index of month M - 2;

“**HICP Monthly Reference Index_{M-3}**”: price index of month M - 3.

Notwithstanding Condition 5(g)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- (B) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- (1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
 - (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-13}}$$

- (2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{Date D New Basis}} = \text{HICP Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

3. The United States Consumer Price Index (US CPI)

The US CPI is the non-seasonally adjusted U.S. City Average All Items Consumer Price Index for All Urban Consumers, reported monthly by the Bureau of Labor Statistics of the U.S. Labor Department (the “BLS”) and published on Bloomberg page “CPURNSA” or any successor source. The US CPI for a particular month is published during the following month.

The US CPI is a measure of the average change in consumer prices over time for a fixed market basket of goods and services, including food, clothing, shelter, fuels, transportation, charges for doctors’ and dentists’ services and drugs. In calculating the index, price changes for the various items are averaged together with weights that represent their importance in the spending of urban households in the United States. The contents of the market basket of goods and services and the weights assigned to the various items are updated periodically by the BLS to take into account changes in consumer expenditure patterns. The US CPI is expressed in relative terms in relation to a time base reference period for which the level is set at 100.0. The base reference period for Notes paying interest based on the US CPI is the 1982-1984 average.

All information contained in this Base Prospectus regarding the US CPI, including, without limitation, its make-up and method of calculation, has been derived from publicly available information. The Issuer does not makes any representation or warranty as to the accuracy or completeness of such information.

Notes paying interest based on the US CPI will pay a rate *per annum* linked to the Change in the US CPI plus, if applicable, an additional amount of interest (referred to as the “**spread**”) or multiplied by a number (referred to as the “**multiplier**”), as either may be specified in the relevant Final Terms; provided that, unless a higher Rate of Interest for Notes paying interest based on the US CPI is specified in the relevant Final Terms, the applicable Rate of Interest for Notes paying interest based on the US CPI will also be subject to a Minimum Rate of Interest equal to 0.00% *per annum*.

Unless otherwise specified in the relevant Final Terms, the “**Change in the US CPI**” for a particular interval will be calculated as follows:

$$\frac{\text{CPI}(t) - \text{CPI}(t-x)}{\text{CPI}(t-x)}$$

where:

“CPI(t)” for any Determination Date is the level of the US CPI for a calendar month (the “**reference month**” which shall be specified in the relevant Final Terms) prior to the calendar month in which the applicable Determination Date falls; and

“CPI(t-x)” for any Determination Date is the level of the US CPI for a calendar month prior to the applicable reference month, as specified in the relevant Final Terms.

If by 3:00 p.m. New York City time on any Determination Date the US CPI is not published on Bloomberg “CPURNSA” for any relevant month, but has otherwise been reported by the BLS, then the Calculation Agent will determine the US CPI as reported by the BLS for such month using such other source as, on its face, after consultation with the Issuer, appears to accurately set forth the US CPI as reported by the BLS.

In calculating CPI(t) and CPI(t-x), the Calculation Agent will use the most recently available value of the US CPI determined as described above on the applicable Determination Date, even if such value has been adjusted from a previously reported value for the relevant month. However, if a value of CPI(t) or CPI(t-x) used by the Calculation Agent on any Determination Date to determine the interest rate on a Series of Notes is subsequently revised by the BLS, the interest rate for such Series of Notes determined on such Determination Date will not be revised.

If the US CPI is rebased to a different year or period and the 1982-1984 US CPI is no longer used, the base reference period for Notes paying interest based on the US CPI will continue to be the 1982-1984 reference period as long as the 1982-1984 US CPI continues to be published by the BLS.

If, while any Series of Notes paying interest based on the US CPI is outstanding, the US CPI is discontinued or is substantially altered, as determined in the sole discretion of the Calculation Agent, acting in good faith and in a commercially reasonable manner, the successor index for such Series of Notes will be that index chosen by the Secretary of the

Treasury to replace the US CPI for the purpose of calculating payments on the Department of the Treasury's Inflation-Linked Treasuries as described at 62 Federal Register 846-874 (6 January 1997) or, if no such securities are outstanding, the successor index will be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

In addition, for the purposes of Notes paying interest based on the US CPI, unless otherwise specified in the relevant Final Terms:

“**Determination Date**” shall mean two business days in New York immediately prior to the beginning of the applicable Interest Period, or as specified in the relevant Final Terms (but not more than 28 days prior to the beginning of the applicable Interest Period).

“**Interest Period**” shall mean, in respect of any Series of Notes paying interest based on the US CPI, the period beginning on and including the Issue Date of such Series of Notes and ending on but excluding the first Interest Payment Date, and each successive period beginning on and including an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date, or such other period as specified in the relevant Final Terms.

“**Interest Payment Date**” shall be the Interest Payment Date specified in the relevant Final Terms.

- (d) **Fixed/Floating Rate Notes:** Fixed/Floating Rate Notes may bear interest at a rate that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.
- (e) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(f)(i)).
- (f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8(c)).
- (g) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:**
 - (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin subject always to the next paragraph;
 - (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be. In no event shall the rate of interest (including, for the avoidance of doubt, any applicable margin) be less than zero;

- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.
- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts:** The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Rate of Interest applicable to each Reset Period, the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (j) **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption

Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid but, for the avoidance of doubt, the Calculation Agent can be removed by the Issuer before a successor is appointed in cases where it is unable to act. Notwithstanding the option of the Issuer to remove the Calculation Agent as aforesaid, the Issuer shall use its best efforts to appoint as soon as practicable a new Calculation Agent able to act. So long as the Notes are admitted to trading on any Regulated Market and the rules of, or applicable to, the Regulated Market so require, notice of any change of the Calculation Agent shall be given in accordance with Condition 16.

- (k) **RMB Notes:** Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate *per annum* equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6 Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the maturity date specified in the relevant Final Terms (the “**Maturity Date**”) (which, in the case of Subordinated Notes, shall be at least five years after the Issue Date of the relevant Tranche, and except for the Undated Senior Non-Preferred Notes and the Undated Subordinated Notes) at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in

the case of a Note falling within Condition 6(b) below, its final Instalment Amount. The Undated Senior Non-Preferred Notes and the Undated Subordinated Notes are undated obligations in respect of which there is no fixed redemption date.

- (b) **Redemption by Instalments:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (c) **Redemption at the Option of the Issuer and Partial Redemption:** If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all the relevant laws, regulations and directives and (a) in the case of Subordinated Notes, to the provisions of Condition 6(m) below or (b) in the case of Senior Notes, to such redemption being permitted by the Applicable MREL/TLAC Regulations and to the prior consent of the Relevant Regulator and/or the Relevant Resolution Authority if required, and in each case, on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 16 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption, if any. Any such redemption of Notes must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are admitted to trading.

In the case of a partial redemption of Dematerialised Notes, the redemption will be effected by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are admitted to trading.

In the case of Subordinated Notes, no redemption at the option of the Issuer will be permitted prior to five years from the Issue Date of the relevant Tranche, except in the case of a Capital Event or a Tax Event, and subject to the provisions of Condition 6(m) below.

So long as the Notes are listed and admitted to trading on Euronext Paris or on any Regulated Market and the rules of such Regulated Market so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the AMF and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are listed and

admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** In the case of Subordinated Notes, no redemption of the Notes at the option of the Noteholder is permitted. If a Put Option is specified in the relevant Final Terms and provided that the Notes are not Subordinated Notes, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 10 nor more than 30 days' notice to the Issuer (the "**Election Period**") (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option, the Noteholder must send to any Paying agent by electronic communication or fax a duly completed option exercise notice (the "**Put Option Notice**") in the form delivered by the Paying Agent, the Registration Agent or Euroclear France and/or any relevant clearing systems, as the case may be, within the Election Period. In the case of Materialised Bearer Notes shall have attached to it such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent at its specified office. In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent specified in the Put Option Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

- (e) **Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

$$\text{Final Redemption Amount} = \text{IIR} \times \text{nominal amount of the Notes}$$

"**IIR**" being for the purpose of this Condition 6(e) the ratio determined on the fifth Business Day before the Maturity Date between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms, (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms or (iii) if the US CPI is specified as the Index applicable in the Final Terms, the Change in CPI, but where for these purposes, unless otherwise specified in the relevant Final Terms, the reference to CPI Determination Date in CPI(t) shall be interpreted to be the date falling two Business Days prior to the Maturity Date, and the reference to CPI Determination Date in CPI(t-x) shall be interpreted to be the date falling two Business Days prior to the Issue Date.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (f) **Early Redemption:**

- (i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to Condition 6(i) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the

Maturity Date discounted at a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(i) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date (as defined in Condition 8(c)). The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(f).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

(ii) *Inflation Linked Notes:*

- (A) If the relevant Final Terms provides that Condition 6(f)(ii) shall apply in respect of Inflation Linked Notes, the Early Redemption Amount upon redemption of such Notes pursuant to Condition 6(i) or upon it becoming due and payable as provided in Condition 9, or the Optional Redemption Amount in respect of such Notes, as the case may be, will be determined by the Calculation Agent on the following basis:

“Early Redemption Amount” or **“Optional Redemption Amount”** = IIR x nominal amount of the Notes

“IIR” being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for redemption between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms, (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms or (iii) if the US CPI is specified as the Index applicable in the Final Terms, the Change in CPI, but where for these purposes, unless otherwise specified in the relevant Final Terms, the reference to CPI Determination Date in CPI(t) shall be interpreted to be the date falling five Business Days prior to the date set for redemption, and the reference to CPI Determination Date in CPI(t-x) shall be interpreted to be the date falling two Business Days prior to the Issue Date.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (B) If the Inflation Linked Notes (whether or not Condition 6(f)(ii) applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including

the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate *per annum* on the basis of the provisions of Condition 5(c)(iv) above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the due date for redemption.

(iii) *Other Notes:*

The Early Redemption Amount payable in respect of any Note (other than Notes described in paragraphs “*Zero Coupon Notes*” and “*Inflation Linked Notes*” above), upon redemption of such Note pursuant to Conditions 6(g), 6(h) and 6(i) or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount.

“**MREL/TLAC Disqualification Event**” means at any time that all or part of the outstanding nominal amount of the Senior Notes of a Series does not fully qualify as MREL/TLAC-Eligible Instruments, except where such non-qualification was reasonably foreseeable at the Issue Date or is due to the remaining maturity of such Notes being less than any period prescribed by the Applicable MREL/TLAC Regulations.

“**MREL/TLAC-Eligible Instrument**” means an instrument that is eligible to be counted towards the MREL of the Issuer and that constitutes a TLAC-eligible instrument of the Issuer (within the meaning of the FSB TLAC Term Sheet), in each case in accordance with Applicable MREL/TLAC Regulations.

(i) **Redemption for Taxation Reasons:**

(i) *Redemption of Notes upon the occurrence of a Withholding Tax Event*

If, by reason of any change in French laws or regulations, or any change in the application or official interpretation of such laws or regulations, or any other change in the tax treatment of the Notes which is required by law or which is requested in writing by a competent tax authority, becoming effective on or after the Issue Date, the Issuer would on the occasion of the next payment of interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8 below (a **“Withholding Tax Event”**), the Issuer may, at its option (but subject, (a) in the case of Subordinated Notes, to the provisions of Condition 6(m) below or (b) in the case of Senior Notes, to such redemption being permitted by the Applicable MREL/TLAC Regulations and to the prior consent of the Relevant Regulator and/or the Relevant Resolution Authority if required), on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 16, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment without withholding for such taxes.

(ii) *Redemption of Notes upon the occurrence of a Gross-Up Event*

If the Issuer would on the next payment of interest in respect of a given Series of Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 below (a **“Gross-Up Event”**), then the Issuer may,

at its option (but subject, (a) in the case of Subordinated Notes, to the provisions of Condition 6(m) below or (b) in the case of Senior Notes, to such redemption being permitted by the Applicable MREL/TLAC Regulations and to the prior consent of the Relevant Regulator and/or the Relevant Resolution Authority if required) forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 16, redeem all, but not some only, of such Series of Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of such Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of such Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of such Notes, or, if applicable, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

(iii) *Redemption of Subordinated Notes upon the occurrence of a Tax Deductibility Event*

For Subordinated Notes, if by reason of any change in the French laws or regulations, or any change in the application or official interpretation of such laws or regulations, or any other change in the tax treatment of a given Series of Subordinated Notes which is required by law or which is requested in writing by a competent tax authority, becoming effective on or after the Issue Date, the tax regime of any payments under such Subordinated Notes is modified and such modification results in the part of the interest payable by the Issuer under such Subordinated Notes that is tax-deductible being reduced (a "**Tax Deductibility Event**"), the Issuer may, at its option (but subject to the provisions of Condition 6(m) below), on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 days' prior notice to Noteholders (which notice shall be irrevocable) in accordance with Condition 16, redeem all, but not some only, of such outstanding Subordinated Notes at their Early Redemption Amount together with accrued interest (if any) thereon, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make such payment with interest payable not being impacted by the reduction in tax deductibility giving rise to the Tax Deductibility Event.

The Issuer will not give notice under this Condition 6(i) unless it has demonstrated to the satisfaction of the Relevant Regulator that the change referred to in paragraphs (i), (ii) or (iii) above is material and was not reasonably foreseeable at the Issue Date of the relevant Series of Subordinated Notes.

(j) **Purchases:**

(i) *Senior Notes (Preferred and Non-Preferred)*

In the case of Senior Notes, the Issuer shall have the right at all times to purchase Senior Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price in accordance with applicable laws and regulations and, in the case of Senior Notes, subject to such purchase being permitted by the Applicable MREL/TLAC Regulations and subject to the prior consent of the Relevant Regulator and/or the Relevant Resolution Authority if required. Unless the possibility of holding and reselling is expressly

excluded in the Final Terms, all Senior Notes so purchased by the Issuer may be held and resold for the purpose of enhancing the liquidity of the Senior Notes in accordance with applicable French laws and regulations.

(ii) *Subordinated Notes*

In the case of Subordinated Notes, the Issuer shall have the right at all times on or after the fifth (5th) anniversary of the Issue Date (but subject to the provisions of Condition 6(m) below) to purchase Subordinated Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price in accordance with applicable laws and regulations.

Notwithstanding the above, the Issuer or any agent on its behalf shall have the right at all times to purchase the Subordinated Notes for market making purposes provided that: (a) the prior written approval of the Relevant Regulator shall be obtained; and (b) the total principal amount of the Subordinated Notes in any given Series so purchased does not exceed the lower of (x) 10% of the initial aggregate principal amount of the Subordinated Notes of such Series and such any further Subordinated Notes issued under Condition 14, or (y) 3% of the Tier 2 Capital of the Issuer from time to time outstanding. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged. For so long as the Notes are admitted to trading on the regulated market of and listed on Euronext Paris, the Issuer will forthwith inform Euronext Paris of any such cancellation.
- (l) **Illegality:** In the case of Senior Notes, subject to such purchase being permitted by the Applicable MREL/TLAC Regulations and subject to the prior consent of the Relevant Regulator and/or the Relevant Resolution Authority if required, if, by reason of any change in French law, or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Senior Preferred Notes, the Issuer may, at its option, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 16, redeem all, but not some only, of such Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

 - (b) the Issuer has demonstrated to the satisfaction of the Relevant Regulator that the tier 1 capital and the Tier 2 Capital of the Issuer would, following such redemption or repurchase, exceed the capital ratios required under CRD IV by a margin that the Relevant Regulator may consider necessary on the basis set out in CRD IV for it to determine the appropriate level of capital of an institution; and
- (ii) in the case of a redemption as a result of a Special Event, the Issuer has delivered a certificate to the Fiscal Agent (with copies thereof being available at the Fiscal Agent's specified office during its normal business hours) not less than five Business Days prior to the date set for redemption that such Special Event has occurred or will occur no more than 90 days following the date fixed for redemption, as the case may be.

All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Bearer Notes:** Payments of principal and interest in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts

(in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, (i) in the case of a currency other than Renminbi, at the specified office of any Paying Agent during normal business hours outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank and (ii) in the case of Renminbi, by transfer to a Renminbi account maintained by or on behalf of Noteholder with a Bank.

- (d) **Payments subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction but without prejudice to the provisions of Condition 8.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 16.

Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).

- (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

(g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).

(h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until (i) the next following business day or (ii) if "Modified Following" is specified in the relevant Final Terms, the next following business day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to

- (i) **Payment of US Dollar Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30-day irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 9 or for any other purpose.

“**Inconvertibility**” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“**Non-Transferability**” means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer

- (i) the Issuer is in default for more than 30 days for the payment of principal of, or interest on, any Note (including the payment of any additional amounts mentioned in Condition 8 “Taxation” pursuant to the terms thereof), when the same shall become due and payable; or

- (ii) the Issuer is in default in the performance of any of its other obligations under the Notes and such default has not been cured within 45 days after the receipt by the Fiscal Agent and the Issuer of written notice of default given by the Noteholder; or
- (iii) the Issuer sells, transfers or otherwise disposes of, directly or indirectly, the whole or a substantial part of its assets, or the Issuer enters into, or commences any proceedings in furtherance of, forced or voluntary liquidation or dissolution, except in the case of a disposal, dissolution, liquidation, merger or other reorganisation in which all of or substantially all of the Issuer's assets are transferred to a legal entity which simultaneously assumes all of the Issuer's debt and liabilities including the Notes and whose main purpose is the continuation of, and which effectively continues, the Issuer's activities; or
- (iv) the performance of any obligation of the Issuer under the Notes contravenes any legal provisions entered into force after the date hereof or contravenes any provision entered into force after the date hereof or contravenes any provision in effect at the date hereof due to a change of interpretation of such provisions by any competent authority; or
- (v) a judgment is rendered for the Issuer's judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of its business (*cession totale de l'entreprise*) or the Issuer makes any conveyance for the benefit of, or enters into any agreement with, its creditors or cannot meet its current liabilities out of its current assets.

If an Event of Default has occurred and is continuing:

- if the relevant Final Terms specify "No *Masse*", any Noteholder may, upon written notice to the Issuer and the Fiscal Agent given before all defaults shall have been cured, cause the principal amount of the Notes held by such Noteholder;
- if the relevant Final Terms specify "Full *Masse*", the Representative (as defined under Condition 11(b)) acting upon request of any holder of Notes may, upon written notice to the Issuer and the Fiscal Agent given before all defaults shall have been cured, cause the principal amount of all the Notes (but not some only);

to become immediately due and payable at their principal amount, together with accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality.

If the relevant Final Terms specify that all the Events of Default are not applicable, there will be no events of default under the Senior Preferred Notes which would lead to an acceleration of such Notes if certain events occur. However, if any judgment were issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer were liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency), then such Notes would become immediately due and payable.

(b) **Senior Non-Preferred Notes and Subordinated Notes**

There are no events of default under the Senior Non-Preferred Notes and the Subordinated Notes which would lead to an acceleration of such Notes if certain events occur. However, if any judgment were issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer were liquidated for

any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency), then the Notes would become immediately due and payable.

The number of *Banques Populaires* and *Caisses d’Epargne* may evolve over time if certain of these entities decide to merge as has been the case in the past. Such mergers, to be carried out between consolidating entities or between a consolidating entity and its wholly-owned subsidiaries, should not have a material impact on the Groupe BPCE’s consolidated financial statements, subject to the specific terms of any such reorganization.

Statutory Mission of the Issuer

The mission of the Issuer is defined in Article 1 of the French law n°2009-715 dated 18 June 2009 (the “**BPCE Law**”).

The mission of the Issuer is to facilitate and promote the business activities and the development of the mutual banking group composed by the network of *Caisses d’Epargne et de Prévoyance* and the network of the *Banques Populaires*, the affiliated entities and, more generally, the other entities which are controlled by the Issuer.

As part of its role as central body (*organe central*), BPCE acts as the central bank for the Affiliated Group and the network banks. Its role includes making loans and advances to, and taking deposits of excess cash balances of, these entities. BPCE is responsible for raising financing in the interbank and bond markets, and thus effectively ensures the asset and liability management role for the group. As an exception, certain affiliates that

had autonomous financing and asset-liability functions (primarily Natixis and Crédit Foncier de France) continue to manage certain of these matters, subject to the internal control and risk management policies and procedures in place for the group.

In accordance with the BPCE Law, the “**Affiliated Group**” may include any French credit institution in which BPCE or one or more of the Caisses d’Epargne or the Banques Populaires hold exclusive or joint control. The entities in the Affiliated Group include BPCE, Natixis, and the affiliates of the Groupe BPCE that are French credit institutions.

In this capacity, it exercises, both in France and abroad, all banking activities referred to by the French Monetary and Financial Code and provides the investment services referred to in Articles L.321-1 and L.321-2 of the French Monetary and Financial Code. The Financial Solidarity Mechanism

In accordance with the BPCE Law, BPCE established a financial solidarity mechanism to ensure the liquidity and solvency of the Caisses d'Epargne and Banques Populaires networks and of all entities in the Affiliated Group. The solidarity mechanism is a specific regime applicable to mutual banking groups, pursuant to which BPCE and each of the retail network banks is required to support the others (as well as each member of the Affiliated Group, in the case of BPCE) in case of temporary cash shortage (liquidity guarantee) or in order to prevent and/or cope with severe financial failings (solvency guarantee). Each retail network bank thus effectively acts as a guarantor of the obligations of BPCE and of the other retail network banks, and BPCE effectively acts as guarantor of the obligations of the retail network banks and the other entities in the Affiliated Group. The solidarity mechanism is internal to the group and does not constitute a guarantee that is enforceable by third parties, although French banking regulators may require the mechanism to be used if needed.

BPCE manages the Banque Populaire Network Fund and the Caisse d'Epargne et de Prevoyance Network Fund and has put in place the Mutual Guarantee Fund.

The Banque Populaire Network Fund was formed by a deposit made by the Banks (€450 million) that was booked by BPCE in the form of 10-year term account which is indefinitely renewable.

The Caisse d'Epargne et de Prévoyance Network Fund was formed by a deposit made by the Caisses (€450 million) that was booked by BPCE in the form of a 10-year term account which is indefinitely renewable.

These deposits were booked by BPCE in the form of a 10-year term accounts which are indefinitely renewable. The amount of the deposits by network was €181 million at 30 June 2016. The funds are topped up each year by the equivalent of 5% of the contributions made by the Banque Populaire banks, the Caisses d'Epargne, and their subsidiaries to the Group's consolidated income.

The total amount of deposits made to BPCE in respect of the Banque Populaire Network Fund, the Caisse d'Epargne et de Prevoyance Network Fund and the Mutual Guarantee Fund may not be less than 0.15% and may not exceed 0.3% of the total risk-weighted assets of the Group.

As at 30 September 2017, BPCE owns interests in subsidiaries and affiliates such as Natixis (71%) and Crédit Foncier de France (100%).

As the central body (*organe central*) of the Groupe BPCE, BPCE's role (defined by the BPCE Law) is to coordinate policies and exercise certain supervisory functions with respect to the regional banks and other affiliated French banking entities, and to ensure the liquidity and solvency of the entire group.

Principal Ratings of the Issuer as at the date of this Base Prospectus

The Issuer is rated by recognised rating agencies. The significance and the meaning of individual ratings vary from agency to agency.

The ratings attributed to the Issuer are as follows:

	S&P	Moody's	Fitch
Long term senior rating	A	A2	A
Short term rating	A-1	P-1	F1
Outlook	Positive	Positive	Stable
Last update date	20/10/2017	26/07/2017	23/05/2017

Unless otherwise specified in the applicable Final Terms, it is expected that the Senior Notes issued under the Programme will receive the following ratings, which are those given to the Programme:

	S&P	Moody's	Fitch
<i>Type of Notes</i>			
Senior Preferred Notes (long term)	A	A2	A
Senior Preferred Notes (short term)	A-1	Prime-1	F1
Senior Non-Preferred Notes (long term)	BBB+	Baa3	A

The ratings set forth above may be subject to revision or withdrawal at any time by the assigning rating agency. None of these ratings is an indication of the historic or potential performance of the Issuer's shares or debt securities, and should not be relied upon for purpose of making an investment decision with respect to any of these securities.

As defined by S&P an obligor with a long-term credit rating "A" has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in higher-rated categories. An obligor with a short-term credit rating "A-1" has strong capacity to meet its financial commitments. It is rated in the highest category by S&P.

As defined by Moody's long-term obligations rated "A" are judged to be upper-medium grade and are subject to low credit risk, the modifier 2 indicates a mid-range ranking. Issuers rated "Prime-1" have a superior ability to repay short-term debt obligations.

As defined by Fitch long term "A" ratings denote expectations of low default risk and the capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. A short term rating "F1" indicates the strongest intrinsic capacity for timely payment of financial commitments.

TAXATION

FRANCE - TAXATION

The descriptions below are intended as a basic summary of certain French withholding tax consequences that may be relevant to holders of Notes who do not concurrently hold shares of the Issuer. The descriptions below are based on the laws in force in France and their interpretation by the French tax authorities as of the date of this base prospectus and are subject to any changes in law and interpretation thereof, possibly with a retroactive effect. In particular, the description below may be affected by the French Finance Acts for 2018 which are currently discussed by the French Parliament and are to be enacted, in particular the introduction of a flat tax on savings income and the increase of the French social contributions (CSG). It does not aim to be a comprehensive description of all tax considerations that may be relevant for a decision to invest in the Notes. Persons who are in any doubt as to their tax position should consult a professional tax advisor.

Withholding tax

Notes issued by the Issuer other than those which are to be assimilated (assimilables) with Notes issued before 1 March 2010

Pursuant to Article 125 A III of the French *Code général des impôts*, payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to withholding tax unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”), in which case a 75% withholding tax will be applicable (subject to exceptions, certain of which being set forth below, and to the more favourable provisions of any applicable double tax treaty). The 75% withholding tax is applicable irrespective of the tax residence of the Noteholder. The list of Non-Cooperative States is published by a ministerial executive order, which is updated at least once a year.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes will not be deductible from the Issuer’s taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution established in such a Non-Cooperative State (the “**Deductibility Exclusion**”). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of 30% (pursuant to the Finance Bill for 2018, this rate could be decreased to 12.8 per cent for individuals as from 2018) or 75%, subject to the more favourable provisions of any applicable double tax treaty.

Notwithstanding the foregoing, neither the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts* nor, to the extent the relevant interest or other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion set out under Article 238 A of the French *Code général des impôts* and the withholding tax set out under Article 119 *bis* 2 that may be levied as a result of such Deductibility Exclusion, will apply in respect of a particular issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes is not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “**Exception**”).

In addition, pursuant to French tax administrative guidelines (*Bulletin officiel des Finances Publiques-Impôts*, BOI-INT-DG-20-50-20140211, no. 550 and 990, BOI-RPPM-RCM-30-10-20-40-20140211, no. 70 and 80, and BOI-IR-DOMIC-10-20-20-60-20150320, no. 10), an issue of Notes will benefit from the Exception without the Issuer having to provide any evidence supporting the main purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French Monetary and Financial Code or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities payment and delivery systems operator within the meaning of Article L.561-2 of the French Monetary and Financial Code, or of one or more similar foreign depositories or operators provided that such depositories or operators are not located in a Non-Cooperative State.

Notes which are assimilated to (assimilables) Notes issued before 1 March 2010

Payments of interest and other revenues with respect to Notes which are assimilated to (*assimilables*), and form a single series with, Notes issued (or deemed to be issued) outside France as provided under Article 131 *quater* of the French *Code général des impôts*, before 1 March 2010 and whose term has not been prorogated as from that date, will continue to be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting obligations under French law, or titres de créances négociables or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories within the meaning of the French tax administrative guidelines are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the French *Code général des impôts*, in accordance with the French administrative guidelines (BOI-RPPM-RCM-30-10-30-20140211, no. 40 *et seq.*).

In addition, interest and other revenues paid by the Issuer on Notes issued on or after 1 March 2010 and which are to be assimilated (*assimilables*) and form a single series with Notes issued before 1 March 2010 will be subject neither to the Deductibility Exclusion rules set out under Article 238 A of the French *Code général des impôts* nor to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts* solely on account of their being paid on a bank account opened in a financial institution established in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Withholding tax applicable to individuals fiscally domiciled in France

Pursuant to Article 125 A of the French *Code général des impôts*, where the paying agent (*établissement payeur*) is established in France and subject to certain exceptions, interest and other similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24 per cent. (pursuant to the Finance Bill for 2018, this rate could be decreased to 12.8 per cent. as from 2018) withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by the way of withholding tax at an aggregate rate of 15.5 per cent (pursuant to the Finance Bill for 2018, this rate could be increased to 17.2 per cent. as from 2018), on interest and other similar revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

LUXEMBOURG – TAXATION

The following is a summary limited to certain withholding tax considerations in Luxembourg relating to the Notes that may be issued under the Programme and specifically contains information on taxes on the income from the securities withheld at source. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes.

Withholding tax

Under Luxembourg tax law currently in effect and subject to certain exceptions (as described below), no Luxembourg withholding tax is due on payments of interest (including accrued but unpaid interest) or repayments of principal.

In accordance with the law of 25 November 2014, Luxembourg elected out of the withholding tax system in favour of an automatic exchange of information under the Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”) as from 1 January 2015. Payments of interest by Luxembourg paying agents to non resident individual Noteholders and to certain residual entities are thus no longer subject to any Luxembourg withholding tax.

In accordance with the law of 23 December 2005, as amended, interest payments made by Luxembourg paying agents to Luxembourg individual residents and to certain residual entities are subject to a 10 per cent. withholding tax. Responsibility for withholding such tax will be assumed by the Luxembourg paying agent.

FOREIGN ACCOUNT TAX COMPLIANCE ACT WITHHOLDING

Pursuant to certain provisions of U.S. law, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements. The Issuer believes that it is a foreign financial institution for these purposes. A number of jurisdictions (including France) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of these rules to instruments such as the Notes are not clear at this time. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019. Further, Notes that are treated as debt for U.S. federal income tax purposes and issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under Condition 14(a) (*Further Issues*)) that are not distinguishable from these Notes are issued after the expiration of the grandfather period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered hereby, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 1 December 2017 (the “**Dealer Agreement**”) between the Issuer and Natixis, the Notes will be offered on a continuous basis by the Issuer to Natixis. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

Prohibition of Sales to EEA Retail Investors

From 1 January 2018, unless the Final Terms in respect of any Notes specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of IMD, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined the Prospectus Directive; and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Prior to 1 January 2018, and from that date if the Final Terms in respect of any Notes specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable” in relation to each Member State of the European Economic Area which has implemented the Directive 2003/71/EC (the “**Prospectus Directive**”) (each, a “**Relevant Member State**”), each Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”), it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant

Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (ii) at any time to legal entities which is a qualified investor as defined in the Prospectus Directive;
- (iii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iv) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (ii) to (iv) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC (as amended), and includes any relevant implementing measure in the Relevant Member State.

Materialised Notes having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used above have the meanings given to them by Regulation S.”

Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Should this occur without the publication of a prospectus and outside of the scope of one of the exemptions referred to above, retail purchasers of Notes may have such purchase declared void and claim damages from any intermediary which sold them the Notes.
